Pat gave a Ground Maintenance and Tilling Committee report indicating that all requested tilling has been completed pending one plot that first needs to be cleared. There was no report for the Flower Bed Maintenance Committee.

Kellan gave a Rules and Safety Committee report stating that the plots are in good condition from a rules standpoint. He asked that the Board discuss the interpretation of Rule 21 later in the meeting.

Don gave a Compost and Mulch Committee report indicating that the wood chip supply has been replenished and that hay and straw from last year will need to be used up before new is acquired.

Chuck gave an Education and Newsletter Committee report. Jean has prepared the draft paper newsletter to be mailed in mid-April. Chuck is providing email news weekly on Fridays.

Susan reported for the Records Committee that there were 2 participants for the rainy March 27<sup>th</sup> workday and 16 participants for the make-up April 3<sup>rd</sup> workday. Susan shared a form that she would like workday coordinators to use to report participants. Susan also indicated that 3 plots would be reassigned after the Board meeting to people on the waiting list for plots.

Old Business:

The issue of leaking hydrants is being addressed thanks to the work of Dick and Pat. The Board is very dissatisfied by the poor plumbing work done in 2009 on the hydrants by a local contractor.

Erika Huber has 6-7 applications for mentors and mentees for Garden Mentoring. These are good numbers for the pilot program

New Business:

New Tiller -- Given the recent repairs and problems with the Craftsman front tine tiller (excessive motor oil burning) and the large Craftsman rear tine tiller (rough shifting and sticking in reverse) and the approximate \$400 cost of repairs needed, Dick recommends the purchase of a new rear tine tiller. He gave 2 options to consider : a Craftsman rear tine tiller at \$645 w/tax or a Troy Bilt Pro-Line CRT rear tine tiller at \$860 w/tax. Kellan moved and Susan seconded that the Board purchase the Craftsman rear tine tiller at \$645. Motion carried. The old rear tine tiller will be offered to a local salvage/repair person.

Painting the shed – Student volunteers under the direction of Linda Bachelor may be available the rest of spring semester to do shed painting. A target date of Saturday, May 1<sup>st</sup> was set for painting the shed. There is also a garden workday set for May 1<sup>st</sup>. Dale moved and Kellan seconded to authorize a Board member to purchase paint and supplies as needed for the shed painting project.

Board Vacancy – Chuck reported that Pamela Been-Redecker has resigned from the Board and is unable to participate in the community garden this year. Susan and Dick shared names of prospective Board members to complete Pamela's term with Chuck. Chuck will follow-up with the suggestions.

The next Board meeting is Wednesday, May 5th at 5:45 p.m. at UFM. Meeting adjourned at 6:40 p.m.

Respectfully submitted,

Dale Stearns, Recording Secretary
