RACISM

American Indians have seized Alcatraz. The Chicano, led by Cesar Chavez, have successfully taken on the powerful California grape growers. Asian-Americans are continuing to organize their communities. Blacks have initiated a vast number of self-help programs. These efforts cannot reach fruition unless white America understands the roots of racism and realizes "...that white, moderate, responsible America is where the trouble lies." (Intro.

Kerner Report

Anyone interested in taking a serious look at institutional racism in this country - its causes and effects - and possible solutions, should sign up. Members will be expected to bring ideas and experiences to the group and to share. To provide more content, however, there will be a rather extensive reading list. If you do not have the time to work in this class, please do not sign up as "only a commitment to national action on an unprecedented scale can shape a future compatible with the historic ideals of American society...the major need is to generate new will--the will to tax ourselves to the extent necessary to meet the real needs of the nation." It is important that the respective members familiarize themselves with the Report of the National Advisory Commission on Civil Disorders (1968).

First meeting: Tuesday, 7:00 p.m.-9:30 p.m. 2123 Northview Drive. Leader: John L. De Smet, 36-7573.

JOURNEY THRU THE UNDERGROUND: THE FOUNDATIONS OF WOODSTOCK NATION

A (hopefully) friendly get together to explore the culture of the hippie and the other lunatic fringes that take our fancy. Can go in any directions desired. Music, theatre, literature, discussions, action (e.g., preparing and serving food, reading books, plays, listen to music, poetry, do any of these? rap, argue, picnic, cut out paper dolls, share water, pick up trash, read trash, burn trash, plant trash, party, make love, make war, dance, meditate, chant, worship...but mainly take a voyeuristic trip through the sun and shadow of Woodstock Nation. Passports and visas unnecessary. It's free. First meeting: Sunday 2:00 p.m., 1801 Anderson Ave. Leader: Frank Siegel, ??

COMMUNAL TRAINING PROGRAM

I would like us to develop the following aspects of ourselves so that we may be able to live communally in the future. We need to develop our practical skills; our physical bodies (through health and nutrition); awareness of our own personal feelings; our group consciousness; our understanding of the larger society we live in; and finally our consciousness of our "higher self" through meditation and ritual.

This will be a group effort and we will need to draw on the skills of each of those who sign up. First meeting: Friday, 7:30 at 340 N. 16th St. Leader: Phil Lerner, 9-2264.

RADICALS IN AMERICA'S PAST

We can look at anything from Tom Paine and Tom Adams, the abolitionists of the 19th century, Eugene Debs and the Wobblies, the Communist party, and today's new left. Meeting will be Thrus., 8 p.m. at 3022 Montana Court. Leader: Dr. Stephen Ambrose, 9-2617.

THE TWO CULTURES

If there is a problem of the two cultures, how is it brought about; to what extent is there a problem and what is the nature of the problem? Some basic material for this group may be found in C. P. Snow's book, The Two Cultures, which is available in paperback.

Sign up at registration and you will be contacted. Leader: Fred Merkin, 9-2403 and Ken Shultis.
WORLD FRIENDSHIP

"World Friendship" is a group of international and American women seeking to build friendships that span cultures and languages, acquaint new arrivals with the community and its facilities, and provide a unique social outlet that is not tied to departmental or ethnic considerations. Weekly meetings are held each Tuesday morning with transportation and nursery care provided, leaving women free to visit. Join special interest groups, take trips around the city and generally enjoy themselves in relaxed and friendly surroundings. Members are always free to initiate new groupings. Throughout the year social events that include the entire family are planned by the members. Meetings: Tuesdays, 9:30-11:00 a.m., First Presbyterian Church, 801 Leavenworth. For more information call Mrs. Penny Suleiman, 9-2127 or Mrs. Christine van Swaay, 9-5439.

CHE

When America bungles, many times only America's side of the bungle is studied in our universities. Let's look at the Cuban Revolution from the viewpoint of a man who made it what it was--Cesar "Che" Guevara. We will study America's part in the oppression of the Cuban people and imperialism and colonialism in general. We can look at the characteristics of Che as a revolutionary and the part he played in throwing off the shackles. Lastly we'll try to analyze what the Cuban Revolutionary Experience means to oppressed peoples all over the world. Regardless, whether the oppression is capitalism or colonialism.

(Suggested books: Che Guevara Spears, Che Guevara on Guerrilla Warfare. Meetings Wednesday, 8:00 p.m., Van Zile Music Room. Leader: Joe Rippeteau.

MORE POLITICS AND SUCH

WITH A LITTLE HELP FROM MY FRIENDS

Do you really want to get involved? Here is an opportunity to show your real concern about fellow humans. You can help others and gain insight into social work at the same time. We are looking for people interested in working with children, teenagers, and older people. You can be a big brother, big sister, or adopt a 'forter grandparent'. You can help by reading to the blind, organizing activities for older people, or in many other ways on a one-to-one basis.

Weekly meetings will be held to discuss activities, problematical situations, and experiences. There are people who need you--don't let them down. First meeting: Thursday, 8:00 p.m. 1801 Anderson Ave. Leaders: Jerrie or Andrea, welfare workers, 6-9221, 9-8887, 6-9016.

THE COUNTERCULTURE

We are no longer being menaced by Capitalism--instead we are being exploited by our own technology. Advertising is subtly (and sometimes not so subtly) turning us into automations which compulsively BUY...BUY...BUY! The counterculture rejects the scientific-bureaucratic ideals. Let's discuss re-making society in man's image—not the image of a computer. We can perhaps find ways to change ourselves and the microcosms of our own lives. First meeting: Wed., 7:30 p.m. 1010 Kearney. Leader: Merrilee Barnett, 9-1898.
WHY... CEST MOI!
An opportunity for mutual discovering and sharing of that which is exciting and interesting—self, interpersonal communications, living, etc. Offered by participants and their interests and concerns. Maximum 10 people—freshman and sophomores only.
First meeting: Wednesday, 6:30 p.m., in the Director's apartment, Goodnow Hall. Leader: Carol Coon.

"I'M OK -- YOU'RE OK"
An introduction to transactional analysis, a fresh, sensible, pragmatic approach to the problems that confront every human being. Not an emotional confrontation or "brain-spilling" session, but a way to emancipate the "Adult" in every person. Goal is the mature "Adult," living in relationship with other persons, freed from immature dependencies, self-rejection, etc. First meeting: Tuesday, 7:30 p.m., in the U.M.H.E. Center, 1021 Denison. Resource leader: Warren Rempel.

PARENT'S GENERATION RAP
"People got to get together not just out of fear. What you thought was a paradise is not just what it seems. If you can't stand it no more; people dying, crying for help for so many years—better answer my friend." Communications pertaining to the gap between generations open basically for parents, but everyone is welcomed and invited. Meetings, Tuesday night, 7:30, at 1801 Anderson. Leader: Rodney Bates.

TOWN AND GOWN
We often unfairly stereotype people we meet. Businessmen, laborers, GLS, and students take on an image as portrayed by the media. A discussion of them, stereotypes, and the ideas and feelings of the group members might give us an understanding of ourselves and the people of America. We hope to see people from all areas of the community involved in this group. First meeting: Thursday, 7:30 at 1801 Anderson. Leader: Parry Seaton, 6-6347 before 10 p.m.

COMUNICATIONS ACTION
I am interested in meeting with other people to establish a group whose eventual goal would be to set up an action-oriented institute. The purpose of this institute would be to try and communicate with the average "Silent Majority" American. Our plan will be to meet, sort out some ideas and methods of working, establish a group feeling, and take it from there. Hopefully, we'll be speaking to groups in the area by the end of the semester. We'll let the future take us where it will. This group will require people with time, energy, and a basic knowledge of themselves, their beliefs, and the reasons for them. Meetings Monday nights, 8:00 p.m., U.M.P. Lounge, 1001 Anderson. Contact Melody Williams. 804 Moro.

SIMPLIFIED ROLE PLAYING
A chance to reach a greater understanding of yourself through group interaction by applying the principles of role playing. We will try to simulate real life situations so as to discover how we act. First meeting: Thursday, 7:30 in the Denison Center, 1021 Denison Ave. Leader: Mayall Shiner.

WOMEN'S ROLE IN SOCIETY
(Frequently called WOMEN'S LIBERATION)
Men-haters, bra-burners, witches... so many myths about women's liberation. "What is liberation from WHAT?" you ask, and that's where we're at. Let's come together and talk about what it means for each of us, personally, to be a woman in a predominantly men's world. Women unite! Discover and develop your potential. No one is defined by their own dehumanizing social-sexual stereotype—but we would like to keep this group small and for WOMEN ONLY. First meeting: Tuesday, 7:30 p.m.; at 1001 Laramie. Leaders: Winnie Kryda and Pat Irvine, 9-6304.

MARRIAGE AND FAMILY—INTERACTION
(FOR MARRIED STUDENT COUPLES)
Five married student couples will be involved in a group process of exploring the emotional interaction of their marriage or the purpose of marital growth and fulfillment. Focus will be given to handling marital conflict; understanding yourself and how you relate to other family members; husband and wife expectations; working with the mothers; academic, financial, and sexual adjustments. First meeting: 7:00 p.m., Monday, 1001 Denison. Leaders: Mr. and Mrs. Don Fallon, 9-5882.

INTERPERSONAL COMMUNICATION
Do you feel a lack of open and meaningful contact? Would that benefit from knowing how you come across to people? Do you have difficulty starting a relationship? Fed up with superficiality? Active participation in a communications seminar may be an opportunity for you to discover how to engage in authentic relationships. A limited number of groups will be available at U.M.P. registration. For information, contact: Joe D'Orsio, 332-0901.
HATHA YOGA

A course in Hatha Yoga as taught by Dr. Albert Franklin, student of Shri Krishnamacharya of the Yoga Institute of Madras, India. We will meet at 5:30 on Monday in the UFM Lounge, Baptist Center. Leader: Sara Brenner. THIS CLASS LIMITED TO TEN!!

AWAKENING TO HIGHER CONSCIOUSNESS, THE MYSTICAL EXPERIENCE, ILLUMINATION.

Not religion, faith, witchcraft or sorcery. We’ll be interested only in what we can experience, feel, know. First meeting: 7:30 p.m., UFM Lounge, 1801 Anderson. Leader: Lavada Blanton, 644 Goodnow.

Bruce Woods, President Manhattan PTA area council.

"DISORIENTATION"

Each year "Dimensions" or a similar publication praises Kansas State as an institution but neglects to really assist the incoming student in what it means to get an education and how to do it. I would like to get together a publication for January of '75 titled "Disorientation". I would like to include such information so as to help both the new student and upperclassmen with ideas on: how to survive your education! How to make best use of faculty, advisors and curriculum so that you can learn what you want, the way you want. Information on where to get help concerning the draft and birth control might also be included so that students can make use of these services before it is too late.

First meeting: Sunday, 8:30 p.m. at 1801 Anderson Ave. Organizer: David Hursh, 9-8304 and 2-6957.
CRAP DETECTING

A RAP WITH A REGENT

Mr. Jess Stewart, on the Kansas Regents, would like to talk about the role of the regents and their recent decisions. Such an important body is often not given the credit it demands.

Mr. Stewart will be here three or four times this semester. The days will be posted in the Collegian.

THE DRUG EXPERIENCE

Little serious scientific study has been done concerning the subjective dimensions of the drug experience. In the past six months we have undertaken some pilot studies using questionnaire, interview, and rating methods with subjects who had previous drug experience. Some interesting findings are emerging and we are gathering some taped interviews which should be useful for drug education of staff and students. We need a few people who can help us locate suitable subjects and collect data. Subjects need only furnish their age and education. No names, no risks, no nonsense. The possibility of doing research is being considered. Further information can be obtained from E. Robert Simnett, Ph.D., 939-0116.

WILDCAT CREEK ECOLOGY

In an article in "Life" magazine of Jan. 24th, Rene Subes, head of Environmental Biomedicine at Rockefeller University wrote that man is a biological animal which must continue to adapt to his environment. Consequently, man will not become extinct, but will instead take on less human characteristics in order to survive within a deficient environment.

If that is true, how can we stand aside as our cities and countryside become uninhabitable for man?

During the past year we have worked to block the development of a mobile home park which would pollute nearby Wildcat Creek. We need help. The pollution of Wildcat Creek is a microcosm of the problems facing our environment.

We will meet on Tuesday, 7:00 p.m. at 1801 Anderson Ave. Leaders: Martha Slack, 9-7185 and Byron Jones, 9-5317.

HANDWRITING ANALYSIS

What's in your "write" mind?
Reading between the lines is the business of the psychic, not the handwriting analyzer. You will be amazed at how you will no longer need to guess another's true personality. JUNK SCULPTURE: A HUMANISTIC APPROACH

What is junk? Basically it is anything that is regarded as worthless or mere trash. I would like to get together with some people to construct sculpture out of things normally considered junk or trash. If we can create something useful, beautiful out of something that was once considered a worthless piece of trash, then we can perhaps become more creative, sensitive, and disciplined individuals capable of making meaningful changes in a society which cries out for our help. We will meet Thurs. 7:30 p.m. at 430 N. 16th with Phil Lerner as leader.

First meeting: 7:00 p.m., Thursday, Pi Phi house. Leader: Susan Cook.

FILM MAKING

Most film making classes start with great vision and no money. Realizing that you can't make films without equipment, film, etc. which require money, we have applied for a grant of $250. If 20 people sign up and take ourselves seriously, we could pay $10 each, we would have enough money; $500. But our grant like most grants may not go through in time. We will meet with good intentions. First meeting: 8-5687.

PRAYING AND SINGING

I am interested in establishing a common meeting place with a group of dedicated people who enjoy getting together and witnessing their faith in prayer and song. I feel that the most powerful expression of faith comes through prayer and group singing. I would like to see this become a group and group singing. I would like to see this become a group of faith for a life of worship, who could openly share their enthusiasm for a life of worship.

First meeting: Tuesday, 7:30 p.m., All Faiths Chapel. Leader: Ruth Bayard, 8-3853.

HONEST TO GOD

The book, Honest to God, anticipated some of the charges of being radical and rhetorical. It excited new interest in theological topics that people had avoided and the debate is not yet closed.

UFM would welcome anyone who is interested in education and the surrounding community to become involved with us to help us question the free university's direction and role. Most decisions concerning UFM's organizational role have been made by the full time staff and friends who express their ideas and opinions.

On Sept. 22 at 8 p.m. at 1801 Anderson Ave., there will be a meeting to discuss UFM and the fall projects. We hope to see more of you there. Class leaders should also pick up their sign up sheets at that time.

THE OFFICE

We are happy to announce that draft counseling and pregnancy counseling have joined us at 1801 Anderson. They can be found on the first floor or reached by phoning 532-6957. University for Men's office is located on the second floor. The office phone number is also 532-6957. Besides our business office, we have a library filled with books on education, books suggested by people, and books needed for UFM classes. We've also redesigned a lounge for your use. All are welcome to stop by at any time to work, study or visit.

DRAFT COUNSELING

The purpose of this course is to gather together people interested in learning how to counsel on the Draft. Hopefully out of this a group of Pre-counselors will be established in the Manhattan area. This would be a group of people who might not have the time to devote themselves to intensive draft counseling, but would be prepared to provide general information and references to the people or groups in which they work. This class should be of special interest to youth workers, counselors, ministers as well as high school and college students. If you are interested, call Keith Spare 532-6957.

COURSES

Did you ever consider that you may have something to share with others: knowledge, experiences, a craft? Do you have any ideas that you haven't tried? Courses may be offered by anyone at any time. If you would like to lead a class at any time during the next year just call us. If you have any ideas for a class we will try to find a leader.

COFFEEHOUSE, ACTION LEARNING CENTER

Come Oct. 1st, the chances are good that we will be able to use the large room here at 1801 Anderson Ave. for a house learning center. Commentaries, courses, classes. Coffee, food, discussions. Watch for further information to get it touch.

B.C.

A group of women on campus are organizing a sex education program and investigating possibilities for pregnancy counseling. We need help. Meetings are Wed., 8 pm at 1615 Fairchild Terrace. Sign up at registration and you'll be contacted. Leader: Ruth Lietzen, 9-6179.

COMMUNAL MEALS

In the last month, a good thing seems to have gotten going: people are meeting and sharing healthy food. Sunday evenings (6:00 pm) in the Park near the pavilion is the place people are gathering for communal meals. A free, open, warm thing. Let's all get together.
The Free University believes in education of the whole individual so that he will understand his role in a changing society and his role as a growing individual.

We aim towards a society:

Where man can rationally choose and create his own values and ideas.

Where man can communicate himself to others and in turn understand their dreams and disappointments.

Where man can relax and develop his own creativity and interests.

Where man can understand society and make it a better place.

It is up to each person to develop what he does best or whatever he finds most rewarding. He also needs to be aware of himself as an integral part of the family of man.
