OLDER MANHATTAN NEIGHBORHOOD ASSOCIATION
Bill Griffith, President

Thursdays, 7:10pm monthly
Length: Continuing
First meeting: Sept 22
Location: First Presbyterian Church

The Older Manhattan Neighborhoods Association (OMNA) was organized last spring to preserve and enhance the older residential and commercial areas of Manhattan. OMNA hopes to increase public awareness of the needs and virtues of the older neighborhoods, encourage public and private institutions to improve their services to area residents and, in general, recommend policies that will maintain neighborhood housing, parks, and public facilities.

On September 27, Gary Sitch, City Planner, will meet with us to discuss possible solutions to parking problems around the university areas. The OMNA Streets and Transportation Committee is currently studying this problem. Other OMNA committees are already at work on Historic Preservation, Real Estate Practices, Neighborhood Assistance, Membership and Newsletter.

On October 20, Dr. James L. Beall, U.S.D. #383 Superintendent of Schools, will meet with us to discuss the upcoming district bond issue proposal. Suggestions for November and December meeting plans will be taken at these two meetings.

Barbara Ross, President

Wednesday, 7:15pm
Length: Continuing
First meeting: Sept 14
Location: Manhattan Public Library
Juliette and Potosi

The League invites anyone to become a member to study government on the local, state, and federal levels. General meetings are usually once a month and there are four smaller study meetings each month at least times. Dr. James Sanjuan, Manhattan School Superintendent, will be the speaker at the Sept 14 meeting.

LETS BEAUTY MANHATTAN—SLIDE SHOW
Vanessa Leach

Mondays, 7:30pm
Length: Continuing
First meeting: Oct 3
Location: Manhattan Public Library
Juliette and Potosi

The primary purpose of this group is to create a working foundation through which concerned community members can take positive and creative action to promote horticultural highlights for our community. This fall we'll share slides of different landscape gardening projects in various areas of the country as participants can adapt new ideas to our own community. Slides for this first meeting will include the 4th National Symposium for Gardeners; following slide programs will be co-ordinated by club members. Everyone is welcome to contribute slides pertaining to landscape gardening from any country or the world. (Vanessa has co-ordinated this group the last two semesters.)

Cathy Butts
Tuesday, 7:30pm
Length: One time, Oct 11
Location: Manhattan Public Library

What are the current issues in consumer law? This meeting will be an introduction to the Kansas Consumer Protection Act and some of the federal legislation that governs the marketplace. Questions on other consumer issues will be welcome. (Cathy is the director of the Consumer Assistance Center in Manhattan.)

"A certain grain fed to horses in Kansas and eaten by organic gardeners."

Ray Keen

OAV RIGHTS

Teresa Hone
Tuesday, 7:30pm
Length: One time, Oct 18
Location: New UPM House

The rights of gay men and women are the same rights as all other Americans under the Constitution. This fact is undeniable. So why are people like Anita Bryant doing their best to take away those rights? In this situation, are there parallels to blacks, Indians, and the Jews of Germany? Why isn’t it okay to be anything other than white, male, straight, Protestant/Catholic and heterosexual? (Teresa is a white, single, non-binary, non-straights ally.)

LEARNING & KIDS

Children’s Gardening Class

Dick Patterson
Gardle City

Saturday, 10am
Length: 5 times, dates of later meetings announced at Sept 24 class
Location: Douglas Community Center, 901 Vienna and Community Gardens

List: 25

This class is intended for children 12 years of age or younger. Fall vegetable gardening will be done in the Children’s Garden in the Community Gardens two blocks south of the Douglas Community Center Annex. Dick Nelson
Mike Dulin

Tuesday, Wednesday, 7pm-10pm
First meeting: Sept 13, Nov 9
Location: 200, 206th, 206th North, Union, Room 205

When raising a child alone from the divorce or separation which divides a family or the loss of a parent by death it is the child who suffers the most. Children in such circumstances require the utmost in love, understanding and guidance. If you are 10 years of age, married or single, and able to give at least a one-year commitment to a child in such a situation, you would like to hear from you. Just attend one of the orientation meetings and you will give everyone a chance to get acquainted. The need is great. Helping a child along the road of life is a unique experience.

(Dick and Mike are involved in the local program.)

10
Turk's-cap lily

Though not as common as its cousins, the Daylily, the Turk's-cap Lily can be used in a similar manner. Unlike those Lilies and Daylilies, however, it prefers to live on the edge of our gardens. To be found in both parks and gardens, and also in our own backyards, this flower adds color to our landscape.

MORE WITH LESS COOKING
Doris Longacre
Tuesdays, 7:30pm
Length: One time
First meeting: Oct 25
Location: Congregational Church, 800 Payzant
Materials fees: $35 - pay at registration

More-with-less means cooking to conserve world food and energy resources. In practical terms, the class will discuss limiting waste and overconsumption, while getting more good nutrition, more variety in food-handling, and more creative experiences with food. Several recipes will be demonstrated. This approach advocates avoiding meat consumption but is not vegetarian. If you wish, bring a More with Less Cookbook. If you have one but purchase is not necessary, Doris is a home economist with experience in Vietnam and Indonesia. She's also the author of More with Less Cookbook, and is primarily interested in ways to help North Americans use resources more carefully.

GOOD NEIGHBOR MILK KIN
Doris Hoerrman
Tuesdays, 7:30pm
Length: One time
First meeting: Sept 27
Location: UMDA, P.O. Box 301, 3010 Denison Ave

If you've ever had a chance to eat fresh farm eggs or drink straight-from-the-cow milk, you know how good it can taste. For those of us in town, access to fresh foods is difficult, and can involve driving great distances. This Summer we set up a cooperative milk run to a local dairy ($6/gal), and are happy to help others do the same. We also direct resources to eggs, meat, berries, and surplus garden produce. Both suppliers and those wanting to be "supplied" are welcome in this organizational meeting. (Doris is very much into all phases of food - from the ground up to the table.)

GUMBO in the SUPPERMARKET
Rob Plahnem
Wednesdays, 7:30pm
Length: One time
First meeting: Nov 6
Location: KIN, 1st floor, 840 10th Ave

Is the biggest size always cheapest? What's the real cost of convenience foods? Is unit pricing all it's cracked up to be? We'll discuss how to become an intelligent consumer by reading labels, comparisons shopping, and learning the different "gumbo" that supermarket and food industry use. (Rob is a professor in Family Economics at KSU and has taught this enlightening class before.)

IN SEARCH of a GOOD MEAL
Mary Jo Hawthorn, Liz McPhail
Thursday, 7:30pm
Length: One time
First meeting: Oct 11
Location: Weston Center, 711 Demison Ave

When someone asks you "Where's a good place to eat in Manhattan?" what do you say? Your answer might be anything from "You've got to be kidding!" to "Why, there's lots of good places." For those convinced that good eating in Manhattan doesn't exist, here's a chance to let local restaurant people know what you'd like to see offered. For those who think that what's available in great, you'll find out that there is more than running a restaurant that just like to cook. Participants will include representatives (managers, owners, cooks, waiters, and waitresses) from Cottam's (building 20), Katy's, Rawleigh's, Raymore's, and Vista's. (The session held this summer was excellent and provided alot of interesting food for thought.)

CO-OPS ARE BETTER
Paula Scalora, Oll Phillips

Come and find out why we feel that "co-ops are better". (Paul and Oll have been stocking their kitchens with good food from People's Grocery for some time and both work at the co-op.)

MICROWAVE COOKING
Mary Jo Hawthorn, Liz McPhail
Tuesday, 7:30pm
Location: One time
First meeting: Nov 15
Location: Manhattan High School, Bk E-13
Limit: 40
Materials fees: $50 - pay at registration

Microwave ovens are expensive - but they can save time and money. Should your family own one? Come explore the fascinating world of microwave cooking and decide for yourself. We'll cover selecting, using, caring for, and sample some foods cooked in one.

TURKEY
A. W. Adams
Saturday, 7pm
Length: One time
First meeting: Nov 10
Location: KSB, Call Ball, Rm 206
Limit: 15
How to purchase, store, thaw, cook, and serve turkey will be discussed. A demonstration will be given on how to make a delicious turkey meal. The objective of the course is to develop confidence in utilizing turkey in the family menu.

(All is in a member of the Dept. of Dairy and Poultry Science at KSU and a member of the Kansas Turkey Federation.)

INTRODUCTION to BAKING
Richard Junge
Saturday, 7:45am
Location: KSB, Cottam Hall, Rm 110
Limit: 15
Materials fees: $35 - pay at class

We would like to report a working understanding of the art of baking. The participants will have a choice of various types of breads and cakes. The $35 fee will cover a course outline with recipes and ingredients. This class is a service of the Baking Science Club. Open to men and women. (Richard, Ken, Don and Ken have taught this class before and are all graduate students in Baked Science.)

DINING OUT IN KANSAS
After a year of delicious dining all around the state, the UWM Historic Dining in Kansas class has not altered its goals and will be visiting a variety of good restaurants. On the second Sunday of each month we travel by carpool to different outstanding eateries around this area. Members take turns being responsible for arranging each visit. Highlights of this past year were trips to the Alma Hotel, Sronkville, Sarah Playhouse, Stoperen's Farm, and the Swedebird Country. New members are welcome to join this enjoyable, adventorous group. For more information, contact Doris Hoerrman, 332-5515 or sign up at UWM registration.
Strawberry

While wild strawberries are extremely tedious to harvest, they offer the most rewards in flavor. The beans themselves are miniature versions of the cultivated variety and can be used in any recipe where domestic ones are called for. Enough beans can be found to make into a delightful, lightly coated sauce.

WHAT FOR EVERYDAY MEALS OR HOW TO AVOID A RUN STORM

Al Johnson  
Barrie Tabone  
Charlize Davis

Monday, 7:30pm  
Length: One Time  
First meeting: Sept 26  
Location: Steakout Meat Co, Village Plaza Shopping Center  
Limit: 30

With your many purchases perhaps less frequent nowadays, you'll want to make sure that your buying is of a good value. At this class we'll discuss packaging, buying frozen meat, and how to select the right cut for the right dish. Proper cooking techniques will be demonstrated.

(All-american is a local retail meat store. Barrie and Charlize are associated with a Kansas meat processing plant.)

Are you interested in learning to cook foreign foods that aren't always easy to find? With the help of members of the International Community of Manhattan we will learn what to make exotic dishes as they are prepared in the restaurants of their origin. The meet on September 28 will be an organizational one to decide on the direction of the class. The cost for each meal ranges from $1.50-30.00 and the members of the class take responsibility for organizing and hosting a session. (This has helped to keep this class going for several years.)
KEMP'S WICKER - UPM FUN RUN
Sun and Randy Kidd
let and 3rd Sundays of month, 9:30am
Length: Indefinite
First meetings: Oct 2
Location: KUS, Old Stadium
Put into practice what you've learned at the UPM "How To's Of Running" class. At each meet there will be at least 2 runs - a short one (5k mile) and a long-
er or even a 3 mile. We will offer tips on how to gradually increase speed for the longer distances. All runners are timed and all will receive certificates. Experience running with others and improve your physical ability at the same time. Everyone welcome - from 4 to 94, beginners and experienced! Randy and Sandy help to coordinate these types of fun runs in San Francisco.

UNITED FRIENDS OF MANHATTAN (UPM)
Stone Henry
Ken Low
Sundays, 4pm
Length: Until snow falls
First meeting: Sept 25
Location: KUS, Union, North side
This is the current UPM class offered for the inexperienced frisbee player. The class will cover the basics to throwing and catching. First meeting: Sept 28
Location: 308 Clifton Road
We would like to invite families to go canoeing with us on Sunday afternoons this fall. As part of our program, we will be canoeing on peaceful streams and lakes in the Manhattan area, including Deep Creek, Potawatotomie State Lakes #1 and #2, and Caney County State Lake. If you wish, you may want to combine fishing the next day before with the planned canoeing. Each family (regardless of size or composition) is to arrange for their own canoes, paddles, and life jackets. We will meet at the beginning; the schedule will be set and we will discuss arrangements for canoes and transportation. Informal instruction in canoeing will be concurrent with the trips.

(Bob and Barb have taught this enjoyable class before.)

Our New Home

While you're reading this piece of news, UMP is moving. We're leaving our house at 615 Fairchild Terrace and moving to the K-State Alumnae Center at 1223 Thurston, just across the street from Justin Hall. This new location is the former Strange Scholarship House. It has three stories as much footage as our old location. To serve the community better, we are expanding for increased crafts and kitchen facilities. Parking also will no longer be a problem. We will even have a small amount of outdoor recreation space. Both the KU Drug Education Center and the Pantry phone and Walk-In Crisis Center will make the move with us.

Why so Chews moving now? Early this year, the staff of the Ku News decided that at UMP completed an assessment of physical space of present office and meeting facilities have grown more and more inadequate as UMP has expanded its program. Particularly during the last two years, as expansion to state wide programming has developed, the need for more space has become acute.

We are now confident that we have found an ideal solution. This new office, once renovated, will serve us for years to come. In the spring, UMP will sponsor a fund raising effort and activities to help pay for the building renovation. During the December holiday season, we will hold an open house. The public will be invited on those events.

In the meantime, if you would like to do something like donate a couch or another piece of furniture, especially discuss your interest in a pre-sale spray-painting of your contribution, just let us know, at our new UMP House, 1223 Thurston, Manhattan, KS, 532-5666.

We are again welcome you to our offerings for the fall semester that you have something special just for you. The variety of courses and projects reflects the broad range of interests, hopes and dreams of those of us who work here. We want to encourage your presence and help us in the many ways through which you could participate. Without these good folks, UMP would not exist. — and we appreciate you!— for your interest, we receive funds from the KU Division of Continuing Education, the Student Government Association, the Kansas Student Senate, the Kansas State University Alumni Association, and the Fund for the Improvement of Postsecondary Education. Because of these groups and the kind people who contribute to UMP as a tax-exempt organization, we are alive and well. To all, we extend our warmest thanks.

We welcome, this time around, Bill Drewes, who will join our rural project staff. We say a food farewell to Rita May, Tom Hauser, and Yvonne Houston and wish them all well in their new undertakings.

A Special Sale goes to our dear friend, Ann Dowd, who is moving to another state. Ann, for three years has been our joy, a source of laughter, a trojan worker, and a lifelong friend, and we will all be sorry to see her go.

We have all learned enormously from you, Ann, and now we promise that we will try even harder to put lessons to good use.

With love from all of us at UMP

CONTINUING OUR STUDENT WORK

This summer UMP was delighted to have received approval of a grant proposal to the Fund for the Improvement of Postsecondary Education (FIPSE). Having spent the last two years developing needed programs of free under-graduate community education in 12 rural areas of the state, this new project will allow us to extend that experience. We have three main goals:

1. To identify individuals and communities who would like to start a free community education program and provide training for them.

2. To produce a "How to Start Your Own Free " program.

3. To create greater awareness in Kansas of the values and benefits this kind of program can provide.

We look forward to working collaboratively with groups such as the Center for Community Education, the College of Education, KUS, the Division of Continuing Education and other individuals and organizations throughout the state.

Anyone interested in further details should call UMP at 532-5566.

Registration

Sept 19, 20, 21 – KSU Union, Main Concourse – 9am-4pm
Sept 19 – Manhattan Public Library – 9am-8pm
Sept 19 – UFM House, 1221 Thurston St – 9am-4pm

If it is impossible for you to come to one of the above locations, you may call 532-5866 on Sept 19-21, 9am-5pm only. Please limit your call to 4 classes. We realize there are often long waits at registration and we continually make an effort each time to reduce the waiting period and improve the registration process. We apologize for inconveniences and ask that you help us as we attempt to speed the process of taking over 4,000 registrations in 3 days!

You can help speed registration and reduce frustration if you will limit yourself to classes you’re sure you can attend. Check your calendar before registration and record dates of your classes. If you register:

- leaders can prepare the proper number of handouts
- order supplies
- contact you if there is a change in the class

If you enroll for a limited class, it’s crucial that you notify the leader if you cannot come. Members on the waiting list may then be able to join the group.
