UFM Programs

EDUCATION

UFM’s education program offers diverse credit and noncredit classes as well as test preparation courses. Classes are taught by people who want to share their interest with others. Participants range from KSU faculty/staff, students and Manhattan area residents.

CRA-Community Resource Act

UFM’s State Outreach Program provides consultation, technical assistance and mini-grants to Kansas communities interested in starting their own community education and development programs.

TEEN MENTORING

The teen mentoring program was developed as a way to provide support and positive interaction to youth who have trouble relating to traditional youth programs. Students are matched to mentors who work with them during weekly meetings. A varied curriculum is planned with opportunities for recreation and learning experiences. Group meets two days a week after school.

The Manhattan Community Garden is a cooperative gardening project located in the south part of Manhattan. Over 200 plots are available on an annual basis. A small plot rental fee is charged to cover costs of operating the program. Plot sign-ups occur in February and March each year.

Focus on Social Justice, Human Rights, Equality for All People and International Development

LEARN TO SWIM CLASSES

UFM proudly teaches the American Red Cross Swim Lessons Levels 1-6, Parent/Infant and Parent/Tot, and Tot Transition. UFM also offers private and adult swim classes. Small classes allow for carefully guided instruction in stroke technique and water safety. Water safety is reinforced with tips and practice each day. The first day of class each student is evaluated to assure that they are in the proper class. Students advance through the levels at their own rate and are moved to different class levels as space permits and skill advancement demands.

LOCATION:
KSU Natatorium - Ahearn Complex
Lockers are available for use during class. Participants must supply towels and swimsuits. Showers are required before entering the water. Children over the age of 5 are not permitted in restrooms/locker rooms of the opposite sex. Changing tables are available in both the men’s and women’s locker rooms.

PARENT’S DAY will be scheduled to allow parents on deck to observe their child’s progress. Each child will receive a progress report at this time as well as at the end of class. Note: Minimum enrollment for all classes is 4. If less than 4 enroll, classes maybe combined, changed to private or semi-private lessons or cancelled.

Brain Gym®Core Course Series-Repatterning 06BCF29

Learn and review PACE, the Brain Gym® Learning Readiness Tool, which prepares the mind-body system for fun and easy learning. This learning “jump-start” is unique to Brain Gym® and is useful whenever the participant feels a need to re-energize and/or gain more clarity for a more active and positive learning experience. These four Brain Gym® activities have a simple, physiological basis and are easily done in less than five minutes. This workshop includes two repatterning techniques. The Dennison Laterality Repatterning is a simple process that is unique to the work created by Dr. Paul Dennison, Ph.D., known as Educational Kinesiology. The Three Dimensional Repatterning is a variation of this basic technique that requires a different body orientation with more in-depth use of the muscular system to reorganize the nervous system. Participants enhance basic movement patterns and create a higher level of whole brain learning by using these processes. Also taught in this workshop is an awareness of the use of the muscular system to access information that can be helpful in understanding the participant’s levels of integration or lack thereof. With enhanced levels of muscular awareness you are able to make better choices in your learning and decision-making. Muscle response, often referred to as muscle checking or applied kinesiology by specialists, is explored at the level of group interest. The information will be explored in the Five Steps To Easy Learning Process for Whole Body Movement and can include goals for such academic skills as reading, writing, spelling and math.

So You Want to Write a Mystery? 06BCF77
Have you ever wanted to write a mystery novel? Do you know the difference between mystery and suspense? Do you have a book already started? Or is it just taking shape in your mind? Do you realize how important revision is and where to turn once you think your novel is in saleable shape? In these two classes you will learn what some of the best writers in the business know when they set out to write a book. Drawing inspiration from texts such as "How to Write Killer Fiction" by Carolyn Wheat; and "Seven Steps on the Writer’s Path" by Nancy Pickard, you will begin to get an idea of the processes used by prize-winning writers to get into the mystery business and stay there year after year. Pertinent hand-outs will be available. Bring a first chapter to the second session for a round of class critiquing.
Instructor: Marilyn Caldwell

Marilyn Caldwell, (785) 776-4862, marolync@finlithills.com, an inveterate reader of mysteries, is the chairman of the The Great Manhattan Mystery Conclave, Inc., a national writers/readers convention held in Manhattan each fall that focuses on “small town” mysteries. Besides having been involved for many years with professional writers groups (Mystery Writers of America and Sisters-in-Crime) and writers conventions (Malice Domestic and GMMC), she has had two romantic-suspense novels published by Walker & Company.

Introduction to Photography 06BCF78
This class will focus on basic concepts of photography and is a combination of the previously separate Photography I and II classes. To get the most out of this class, participants should have either a film or digital camera that users can take complete manual control of settings such as aperture (f-stop) and shutter speed; such as SLR’s or advanced compact cameras. Topics that will be covered include basic camera settings and operation, how f-stop and shutter speed affect your photos, how to select the right settings, choosing and using different lenses. The class will also cover an introduction to exposure, metering and controlling light, composition, and learning to see creatively. Discussion of issues relevant to digital photography such as white balance and image resolution will also be covered. The class will emphasize landscape and nature photography, but anyone interested in photography will benefit. This class is geared toward beginning photographers and those wishing to know more about camera operation and nature photography. To get the most out of the class, participants are encouraged to bring their camera to each class. Tripods will also be beneficial. The class will include 5 classroom meetings (Thursday evenings 7-9) and 4 field trips (Saturdays, approximately 6-9). Field trips are designed to reinforce what is learned in the class and include shooting together as a group and a chance for individuals to photograph on their own. Exact times of the field trips will be discussed at the first class, but will be in the evenings a couple of hours before sunset. Participants will be responsible for their own film and development costs. In addition, participants are encouraged to bring photographs from the field trips to the following class session for discussion.
Instructor: Scott Bean

Scott Bean, (785) 776-944, srbean@ksu.edu, has been enjoying the hobby of nature photography for several years. Photography is a wonderful way to enjoy the beauty of nature. Each photograph represents a unique view of our world. Scott would like the chance to help others get started in this wonderful hobby. His goal is to help you avoid some of the common mistakes he experienced as a beginning photographer and help you get the most out of your camera and avoid being frustrated with your camera.

Creating Balance During Times of Change 06BHW78
Life in the 21st century is hectic and demanding at the best of times. During periods of transition and change, which are a part of life, we often feel distressed and off balance. How do we regain a sense of equilibrium and resilience? In this workshop, we will review stages of change and skills for dealing with transition. Participants will identify and explore areas of their own lives that may be out of balance and examine steps to create or restore a balanced life. The workshop will have some experiential components, but sharing with others is completely optional. Balance in the chaotic, high-speed world we live in is always a dynamic process, but, just like any other skill, we can get better with practice!
Instructor: Angela Geiber Hayes
Angela Geiber Hayes, M.S., C.C.H. is a Professional Life Coach. She received her training from the Institute for Life Coach Training in Fort Collins, Colorado. Sign Language for Babies 06BLA21
Want to know what your baby is thinking? This class will teach parents and infants ages birth to 12 months simple communication skills using American Sign Language.
Instructor: Toni Kroll, (785) 313-5555
Some of the benefits include:
- Signing allows your infant to more clearly communicate specific thoughts.
- Signing reduces frustration for your baby - and for you!
- Signing won’t delay verbal language development - in fact, it may accelerate it. Research shows that babies who sign usually start to talk sooner and develop larger vocabularies than non-signing babies.
- Signing builds on babies’ natural tendency to use gestures.

Sign Language for Babies 06BLA21
Want to know what your baby is thinking? This class will teach parents and infants ages birth to 12 months simple communication skills using American Sign Language.
Instructor: Toni Kroll (785) 313-5555

Some of the benefits include:
- Signing allows your infant to more clearly communicate specific thoughts.
- Signing reduces frustration for your baby - and for you!
- Signing won’t delay verbal language development - in fact, it may accelerate it. Research shows that babies who sign usually start to talk sooner and develop larger vocabularies than non-signing babies.
- Signing builds on babies’ natural tendency to use gestures.

This class is open to families and caregivers. Registration fee is per family. Additional class times will be added as needed.

Date: 06/10/2006 (Sa)
Time: 10:00 AM to 12 N

ABOUT UFM CLASSES

UFM adheres to the philosophy that everyone can teach and everyone can learn. UFM is a community learning program which contracts with nonprofessional community instructors. Consequently, we cannot guarantee that the courses offered are accurate or complete in content and quality of instruction. We rely on the credentials provided by instructors, class observation and participant feedback as tools for evaluating a class and an instructor’s ability.

UFM classes are not a forum for selling a product or service from which the instructor might benefit. Materials specifically oriented to an instructor’s financial interests are not to be distributed in class. Participants who wish to pursue a relationship with an instructor outside class time do so on their own responsibility. Please share any concerns you may have about class material or an instructor by calling Marcia at 539.8763

UFM CANCELLATION POLICY

When we cancel or reschedule a class, you will be notified. Therefore, it is extremely important that we have a daytime and an evening phone number where we may reach you or leave a message. We reserve the right to cancel any class.

REFUND POLICY

We will give a full refund if a class is cancelled by UFM. If a student decides to withdraw before the class begins and gives 48 hours notice before the starting date, we will refund all but a $3 processing fee. Some classes have material fees which are non-refundable. Those classes are marked. NO REFUND AFTER THE CLASS BEGINS.

SPECIAL POLICIES FOR KSU CREDIT CLASSES

CREDIT REGISTRATION REFUNDS: A full refund of tuition and fees, less any non-refundable material fee, may be given before 20% of the scheduled class meetings. A 50% refund of tuition and fees may be given, less any non-refundable material fee, between 20% and 25% of the scheduled class meetings. No refund is issued after 25% of the scheduled class meetings. A course dropped between 30% to 63% of the scheduled class meetings will have a “W” recorded on the students transcript. A course dropped between 63% to 100% of the scheduled class meetings will have a “W” recorded on the students transcript. Students dropping a course must either complete and submit the online drop form located at: http://www.dce.ksu.edu/dce/ distance/forms.html or send written notification to the DCE Registration Office (785.532.5566) postmarked no later than the deadline. Students may not drop from a course after 63% of the course has been completed.

NONDISCRIMINATION POLICY

UFM welcomes participants of any race, color, sexual orientation, religion or national or ethnic origin to all UFM classes. Students under age 18 need the permission of a parent or guardian. Some individual classes may have age restrictions. Please call (785.539.8763) to make arrangements for classroom accessibility.
