LEARN TO SWIM CLASSES

UFM proudly offers the American Red Cross Swim Lessons Levels 1 - 6, Parent and Child Aquatics, and Tot Transition. UFM also offers private and adult swim classes. Small classes allow for carefully guided instruction in stroke technique and water safety. Water safety is reinforced with tips and practice each day. The first day of class each student is evaluated to assure that they are in the proper class. Students advance through the levels at their own rate and are moved to different class levels as space permits and skill advancement demands.

LOCATION: KSU Natatorium - Ahearn Complex on Denison Ave. Lockers are available for use during class. Participants must supply towels and swimsuits. Children over the age of 5 are not permitted in restrooms/locker rooms of the opposite sex. Changing tables are available in both the men's and women's locker rooms.

PARKING: Parking is available in the KSU student/faculty parking lot on Denison Ave. across the street west of Natatorium after 5 pm (M-F) or on side streets.

SWIM PROGRAM MAKE-UP & REFUND POLICY
When a class is cancelled due to severe weather, or other circumstances when a lesson cannot be provided by UFM, a make-up class will be scheduled OR a refund will be issued in the amount of the missed lesson.

When class participants are absent from class, UFM will not issue a refund or make-up session due to staff availability, budgeting and scheduling constraints.

NOTE: Minimum enrollment for all classes is 4. If less than 4 enroll, classes may be combined, changed to private or semi-private lessons or cancelled.

Cactus & Succulent Survival Guide 09CEN63
Cacti and succulents are commonly described as thriving on neglect, but no plant thrives on neglect. A more accurate description is as a result of their unique ability to store water. These plants have very specific requirements for soil, light, and especially water that do not match those of tropical, annuals or perennials. Spend two hours and learn how to keep your cactus and succulents alive and thriving plus propagation and flowering techniques, grooming essentials, and how to create decorative plantings for enjoyment and/or to exhibit in plant shows.

Let’s Make Hypertufa! 09CEN64
What’s a hypertufa pot? Well, if you purchase one of these pots, it can be very expensive. If you make it yourself, it’s a very affordable pot that resembles the stone troughs and pots that are common in England. Hypertufa is actually a mixture of cement, peat moss, perlite, and fiber mesh that you then make into a round or square pot or a longer trough (materials included). After curing, you’ll be able to use it as a planter! Participants will need to wear clothes that they don’t mind getting dirty (muddy is more like it) and they will need a pair of rubber gloves (like the Playtex ones used for washing dishes). They also have to be able to cart this pot/through home that day.

SIMON DENG
"21ST CENTURY SLAVERY: LIVING PROOF"
OCTOBER 13, 2009, 7 PM
K-STATE STUDENT UNION’S FORUM HALL

Sudan Crisis activist, Simon Deng, who is living proof of 21st century slavery, is working to put an end to genocide in Sudan.

Simon Aban Deng is a refugee from Sudan and a survivor of child slavery. A native of the Shiluk Kingdom in southern Sudan, Deng spent several years as a domestic slave in northern Sudan.

In May, 2005 he was invited to speak before the U.N. Human Rights Commission in Geneva, Switzerland. In March, 2006, Mr. Deng launched the Sudan Freedom Walk, trekking 300 miles from United Nations headquarters in New York City to the Capitol in Washington, D.C., to call for an end to slavery and genocide in Sudan. The walk culminated in a meeting at the White House with President Bush. In May 2006, Deng embarked on a fact-finding and humanitarian aid mission in southern Sudan and Darfur, where he met with leading southern Sudanese officials, including the President of Southern Sudan, Salva Kiir.

Deng went on to work as a messenger in the Sudanese parliament and later became a national swimming champion. Today he is an American citizen, working as a lifeguard on Coney Island and leading the struggle to stop genocide in Sudan. He has addressed audiences across the nation.

Classes at UFM, 1221 Thurston
UFM has had a very busy year! Last year, UFM offered more than 1,300 educational programs to the Manhattan area. More than 18,000 people were served by UFM programs during the last fiscal year. 1,372 classes were taught by 193 instructors, and 6,962 (unduplicated) participants took a UFM course, either for non-credit or for K-State credit. In addition to UFM’s education program, UFM also sponsors a variety of other projects and activities in the local area.

UFM’s Solar Addition was originally constructed in 1980, with funding from the U.S. Department of Energy. The building has recently undergone a renovation, and in addition to many other enhancements, it now features 15 photovoltaic cells, which are connected to Westar’s electrical grid. The incorporation of the solar array is significantly reducing the amount of energy UFM consumes. In the 12 months since the solar array began generating electricity, UFM has saved 20-30% on monthly energy usage. Contact UFM if you would like more information about the Solar Addition.

Other UFM Programs and Events:

* UFM provides a representative payee service that averaged 35 clients per month.

* UFM also hosts swim meets and other community events at the K-State Natatorium, Memorial stadium, and at the Ahearn Complex, serving nearly 5000 people last year.

* UFM is one of the lead sponsors for the annual K-State Fair trade marketplace. 797 people purchased items from last year’s event.

* The Community Youth Scholarship Fund makes scholarships available for local youth to participate in activities in the Manhattan area. This income-based service is funded by the City of Manhattan and UFM serves as the grant administrator. Last year, 116 youth were provided scholarships for 19 different community activities in the amount of $8,107.

UFM sponsors the Manhattan Community Garden. Last year, 118 families gardened; this program helps supplement food budgets, relieves stress, and fosters new friendships.

Flint Hills Community Radio, KONZ FM, is a new community radio station coming to the Northern Flint Hills region. KONZ FM is not just another public radio station. KONZ is a collaborative effort of several area nonprofits, housed at UFM Community Learning Center. Our focus is on issues and programming that reflect the interests and needs of the communities and audiences we serve. Community members will have the opportunity to participate in news and entertainment programming. The station will be volunteer-run, and modeled to stimulate, educate and entertain our audience.

Become a Member or a Volunteer!

KONZ depends on local support to provide this service to the community. Locally produced music and public affairs programming will keep you in touch with what’s going on in your community. Nationally produced programs will open your window to the world and provide an in-depth picture of other places and other cultures. To become a member or make a donation, send your contribution to UFM, 1221 Thurston St, Manhattan, KS 66502. As a volunteer-operated station, KONZ welcomes and needs creative people to develop and sustain the station. For more information, email konzfm@tryufm.org. Watch for the upcoming “on-air” date!

ABOUT UFM CLASSES
UFM adheres to the philosophy that everyone can learn and everyone can teach. UFM is a community learning program which contracts with nonprofessional community instructors. Consequently, we cannot guarantee that the courses offered are accurate or complete in content and quality of instruction. We rely on the credentials provided by instructors, class observation and participant feedback as tools for evaluating a class and an instructor’s ability.

UFM classes are not a forum for selling a product or service from which the instructor might benefit. Materials specifically oriented to an instructor’s financial interests are not to be distributed in class. Participants who wish to pursue a relationship with an instructor outside class time do so on their own responsibility. Please share any concerns you may have about class material or an instructor by calling Marcia at 539.8763.

UFM CANCELLATION POLICY
When we cancel or reschedule a class, you will be notified. Therefore, it is extremely important that we have a daytime and an evening phone number where we may reach you or leave a message. We reserve the right to cancel any class.

REFUND POLICY
We will provide a full refund if a class is canceled by UFM. If a student withdraws from a class 48 hours before the class begins, a full refund may be given, except for any published non-refundable material fees. No refunds will be given once class has started.

INCLEMENT WEATHER POLICY
UFM courses held on campus follow the inclement weather policy of Kansas State University. Courses will be conducted unless all University courses are cancelled. If the instructor informs his/her students personally that he or she will not be present at a given class meeting, the instructor is then responsible for arranging a make-up lesson.
