ABOUT UFM CLASSES
UFM adheres to the philosophy that everyone can learn and everyone can teach. UFM is a community learning program which contracts with nonprofessional community instructors. Consequently, we cannot guarantee that the courses offered are accurate or complete in content and quality of instruction. We rely on the credentials provided by instructors, class observation and participant feedback as tools for evaluating a class and an instructor’s ability.

UFM classes are not a forum for selling a product or service from which the instructor might benefit. Materials specifically oriented to an instructor’s financial interests are not to be distributed in class. Participants who wish to pursue a relationship with an instructor outside class time do so on their own responsibility. Please share any concerns you may have about class material or an instructor by calling Kayla at 539.8763.

UFM CANCELLATION POLICY
When we cancel or reschedule a class, you will be notified. Therefore, it is extremely important that we have a daytime and an evening phone number where we may reach you or leave a message. We reserve the right to cancel any class.

REFUND POLICY
We will provide a full refund if a class is canceled by UFM. If a student withdraws from a class 48 hours before the class begins, a full refund may be given, except for any published non-refundable material fees. No refunds will be given once class has started.

DISCLAIMER
UFM Community Learning Center serves as a forum to bring together persons who want to share their personal ideas and/or learn skills in a variety of areas. UFM, its staff and board of directors do not endorse any particular viewpoint or philosophy presented in classes, activities or events included in any UFM publication.

Nondiscrimination Policy
UFM Community Learning Center is committed to nondiscrimination on the basis of race, gender, national origin, disability, religion, age, sexual orientation, political beliefs or other non-merit reasons, in admissions, educational programs or activities and employment (including employment of disabled veterans and veterans of the Vietnam Era) as required by applicable laws and regulations. Students under age 18 need the permission of a parent or guardian. Some individual classes may have age restrictions or may require instructor permission. Please call 785.539.8763 to make arrangements for classroom accessibility.

UFM SUMMER 2014 INSTRUCTORS
We are fortunate to have so many talented and knowledgeable individuals who are willing to share with others through a UFM class. UFM would like to acknowledge and applaud the UFM instructors.

KSU CREDIT COURSES

CREDIT CLASS ENROLLMENT
K-State students enroll through GIS. If not a K-State student, contact Erin at UFM at (785) 539-8763.

CREDIT ENROLLMENT FEES
Courses taken for credit carry additional fees required for University administration of the credit program. A one-time $50.00 late fee will be charged for enrollments beginning on the first day of classes if this is your first enrollment at K-State for the semester. Additional campus privilege and health fees may be assessed for students enrolled in 12 or fewer K-State credit hours. There is a non-refundable material fee for withdrawing from some classes after the first day.

CREDIT CLASS REFUNDS AND WITHDRAWALS
Tuition refunds are calculated based on the number of calendar days in the class. You may be eligible for a full or partial refund of tuition if you choose to drop your class before a certain date. Please refer to the full withdrawal and refund policy at http://global.k-state.edu/courses/registration/policies-withdrawal or visit http://courses.k-state.edu/summer2014/information/deadlines.html

DROP POLICY
All drop deadlines are calculated based on the number of calendar days in the class. The following polices apply: a student may drop a class prior to 33% of the class duration without a grade being recorded on the student's transcript; if a student drops after 33% but before 62% of the class duration, a grade of W will be issued; and no drops will be accepted after 62% of the course duration. Failure to drop a class may result in a failing grade. For more information visit http://courses.k-state.edu/summer2014/information/deadlines.html

DISABILITY SUPPORT SERVICES
A student with a disability who wishes to request accommodations for a credit course should notify the course instructor or contact the Disability Support Services office, www.k-state.edu/dss, 785.532.6441 or dss@k-state.edu. Early notification is requested to ensure that accommodations can be provided in a timely manner.

INCLEMENT WEATHER POLICY
UFM courses held on campus follow the inclement weather policy of Kansas State University. Courses will be conducted unless all University classes are cancelled. If the instructor informs his/her students personally that he or she will not be present at a given class meeting, the instructor is then responsible for arranging a make-up lesson.

LIABILITY STATEMENT
Individual participants should be aware of the risks and hazards involved in recreational sports and fitness activities. They should voluntarily elect to utilize KSU and UFM facilities and participate in programs recognizing present conditions and further agree to voluntarily assume all risks of loss, damage or injury that may be sustained while using KSU or UFM facilities or participating in programs. K-State Global Campus/UFM assumes no responsibility for costs involved with individual injury or property loss incurred in connection with the use of University or UFM facilities. Individuals are reminded that they should review their own personal circumstances to determine if they have adequate insurance or protection in case of injury resulting from the use of University facilities or participation in programs. It is recommended that all participants have a complete physical before engaging in any physical recreation program.

DONATIONS
Donations help underwrite the costs of maintaining the UFM building, coordinating the catalog of classes and special projects such as scholarships, youth projects or gardening. Tax deductible contributions may be sent to UFM at 1221 Thurston St, Manhattan, KS 66502.

SPECIAL ASSISTANCE
A participant in a UFM non-credit program with a disability who needs accommodations should indicate this at the time of registration. Any class can be placed in a handicapped accessible room.

LEARN TO SWIM CLASSES

UFM proudly offers the American Red Cross Swim Lessons Levels 1 - 6, Parent/Infant and Parent/Tot, and Tot Transition. UFM also offers private lessons and adult swim classes.

Water safety is reinforced with tips and practice each day. The first day of class, each student is evaluated to assure that they are in the proper class. Students advance through the levels at their own rate and are moved to different class levels as space permits and skill advancement demands.

LOCATION: KSU Natatorium - Ahearn Complex on Denison Avenue

Lockers are available for use during class. Participants must supply towels and swimsuits. Children over the age of 5 are not permitted in restrooms/locker rooms of the opposite sex. Changing tables are available in both the men’s and women’s locker rooms.

Parking: After 5PM free parking is available in the K-State parking lot on Denison Avenue across the street west of the Natatorium, or on side streets. The parking garage located by the K-State Student Union is also available at $1.50/hour.

Swim Program Make-up and Refund Policy
When a class is canceled due to severe weather or other circumstances when a lesson cannot be provided by UFM, a make-up class will be scheduled OR a refund will be issued in the amount of the missed lesson.

When class participants are absent from class, UFM will not issue a refund or make-up session due to staff availability, budgeting and scheduling constraints.

NOTE: Minimum enrollment for all classes is 4. If less than 4 enroll, classes may be combined, changed to private or semi-private lessons or canceled.

### Level II: Fundamental Aquatic Skills

The objective of Level 2 is to give participants success with fundamental skills. Participants learn to float without support and to recover to a vertical position.

This level marks the beginning of true locomotion skills. Participants further develop simultaneous and alternating arm and leg actions on the front and back that lay the foundation for future strokes.

In all levels, safety skills will be presented to improve comprehension of previous knowledge. For the list of skills to be learned in class visit [www.tryufm.org](http://www.tryufm.org).

### Level III: Stroke Development

The objective of Level 3 is to build on previously learned skills by providing additional guided practice.

Participants will learn to survival float, swim the front crawl and elementary backstroke. Scissors and dolphin kicks, as well as the fundamentals of treading water will be introduced.

Participants will also learn rules for headfirst entries and begin to learn to enter the water headfirst from a seated position at poolside.

As in all levels, safety skills will be presented. For the list of skills to be learned in class visit [www.tryufm.org](http://www.tryufm.org).

Level IV: Stroke Improvement
The objectives of Level 4 are to develop participants’ confidence in the strokes learned thus far and to improve other aquatic skills. In level 4, participants improve their skills and increase their endurance by swimming familiar strokes (front crawl, elementary backstroke) for greater distances. Participants add the arms to the scissors kick for the sidestroke. Participants also start to learn the back crawl, breaststroke and butterfly and the basics of turning at a wall. For the list of skills to be learned in class visit www.tryufm.org.

Level V: Stroke Refinement
The objectives of this level are coordination and refinement of strokes. Participants refine their performance of all the strokes (front crawl, back crawl, butterfly, breaststroke, elementary backstroke and sidestroke) and increase their distances. Flip turns on the front and back are also introduced. For the list of skills to be learned in class visit www.tryufm.org.

Level VI: Swimming and Skill Proficiency
The objectives of this level are to refine strokes so participants can swim them with more ease, efficiency, power and smoothness and over greater distances. Level 6 also introduces other aquatic activities and offers three options - Personal Water Safety, Fundamentals of Diving and Fitness Swimmer. These options focus on preparing participants for more advanced courses, such as the Water Safety Instructor course, or other aquatics activities, such as competitive swimming or diving. For the list of skills to be learned in class visit www.tryufm.org.
Fee: $57.00 per session (8 lessons/45 min)

Using iPads in the Classroom  14BFC136
Using iPads in the Classroom will give educators the tools and information they need to use iPads (or a single iPad) in their classroom. Participants will learn about apps for differentiation, common core, teachers, students, and managing classroom behavior. Participants will be able to try out the different apps while creating content for their classroom. The course will be taught through Edmodo. Google Hangout will be used for optional “in person” sessions. Here are just a few of the apps that will be covered: ClassDojo, Edmodo, VoiceThread, Prezi, AR, Skype, Toontastic, GoodReader, BrainPop, Khan Academy, and Educreations. The class will be open on Edmodo on July 1st and will close July 31st. Students will be able to work at their own pace and at their own level throughout the month of July. An optional Google Hangout session will be scheduled weekly for students that would like to discuss their progress, help each other, and talk about their challenges of using iPads in the classroom. Resources will be shared through the Edmodo class page about different apps, articles, videos, and general tips of using iPads in the classroom. It is highly encouraged for the participant to have an iPad so he/she can try out the apps discussed in class but it is not mandatory.

Quilting for the Beginner          14BCF213A
Thinking about starting to quilt? Log cabin quilts are a traditional quilt pattern that allow for originality in the quilt block layout with a unique look for each participant. We will work together to craft a beautiful 42”X56” log cabin quilt. The instructor will provide and prepare the fabric ready to begin the day quilting. The method we will use allows for participants to quickly construct a quilt using material strips sewn continuously together. When we finish we will have a completed quilt top and then we will discuss finishing options. Participants will need: sewing machine (including bobbins), white thread, seam ripper and scissors. Optional items: rotary cutter, cutting ruler and cutting mat. Instructor will email you once registered with additional information regarding class.

The Art of Awareness: My Spirit/My Self 14BCF204A
In this two-hour workshop we learn to identify with our spirit through a direct imaginative experience of guided meditation. We will express this experience with a choice of art materials to fully embody our spiritual dimension. Finally we will engage in a written imaginative dialogue with our spiritual expression in order to tap into the inner intuitive guidance that is always available to us. No previous art experience is necessary. The focus is on the creative process rather than the end product. All art materials are provided. (785) 340-2557

Intro to Geocaching 14BEN103A
Geo is a prefix for earth Cache is a hiding place used to store items. Today there are over 1.4 million geocaches hidden around the world. They can be found deep in the woods, under water and even stuck to the underside of park benches and the containers are getting increasingly clever. Geocaching has become a hobby for many individuals, friends and families. Has your interest been piqued? Here’s your chance to find out more. The first hour of the class will cover the terms, basic information and how-to for geocaching. After that, the class will be hands-on and geocaching will take place on the KSU campus and close to UFM. If you already have a handheld GPS unit or smart phone or tablet, bring it to the class with you. We will download one of the free apps for geocaching. Some handheld GPS units will be available to borrow.

Solar Electricity 101: for Your Home & Business 14BEN114
New Kansas law will stunt solar growth so do it now! On July 1 this year, the Kansas law changes for customers of Westar and Kansas City Power & Light. It has been everyone’s goal to have a house which produces all its own energy. A system designed for air conditioning will leave Spring and Fall with a big excess. Under the new law, any excess power sent back to their power lines will only be bought for perhaps as little as 2 cents/KWh instead of the current rate of 10.5 cents. So there is a push right now to install systems that will be grandfathered in under the old law for the next 15 years. But the Net Metering contract has to be signed with Westar before that deadline. If your image of solar energy is flattened beer cans and shrink wrap think again. New electronics have revolutionized power-line connected solar, making it profitable in rapidly growing regions of our country. On a compounded annual basis rooftop solar has grown in the U.S. about 51% a year since 2005. Whether you are concerned about energy independence, climate change, national security or just your own pocketbook, renewable energy is enormously popular for people from all political parties and backgrounds. We will also discuss lessons learned from eight different Manhattan systems...some of the first in Kansas. With step-by-step photos of designing and installing solar electric systems using the latest hardware, we’re going to discuss the advantages and disadvantages of various choices. We can also talk about how these systems compare with battery backup or independent systems. Come with questions and new information for discussion. We’ll follow this session with an introduction to our Solar buyers’ cooperative. Sponsored by the Flint Hills Resilience Coalition www.fhrconline.org

Introduction to: Flint Hills Renewable Energy & Efficiency Cooperative 14BEN115
The cost of the equipment has come way, way down making this option affordable for many more folks. Our Coop, (FHREEC--pronounced “freak”) buys solar and efficiency hardware in bulk and Our Community Sun Raisers are modeled after a “barn-raising” following the tradition of neighbor helping neighbor. At first, we will be installing solar electric and solar hot water systems. So, we have much lower to no installation costs. Come learn about photovoltaic basics and about the Coop that can help you make this happen at your place. Sponsored by the Flint Hills Resilience Coalition www.fhrconline.org

Attached Solar Greenhouses: Design for Plants & Warmth 14BEN21
Whether you want winter salad greens, house plants or heat for adjoining rooms, sunrooms are certain to add light and enjoyment to your home. Attached sunrooms are some of the most popular and successful uses of solar energy. There are many choices for storing heat into the night, single or multi-story greenhouses; and many alternatives to glass. Some are as simple as electrical conduit and polyfilm, or elaborate indoor home additions. With slides, we will discuss examples of sunrooms built here in Manhattan and talk of the various design considerations for both growing plants and exporting warmth. Bring your blueprints. Bill will be happy to discuss your particular home and plans. Bill has been designing and building sunrooms in Manhattan since 1981.

Featured UFM Instructor
Daniel Schapaugh
Daniel Schapaugh is a graduate of Kansas State University and longtime Manhattan area resident. He teaches a variety of outdoor and backcountry skill topics to a broad spectrum of community members, in which he has thousands of days and nights of experience afield to draw from. Daniel enjoys exploring outdoor experiences from a ‘do more with less’ perspective, regularly integrating primitive technologies and deep ecology philosophies to life afield. He is passionate about the positive life changing influence outdoor experiences can have in people; and believes experiences with and amongst wild spaces are some of our most valuable, as they provide intense perspective on our world and critical reflection of ourselves.

Feeding the Threshers: Harvest Customs of Kansas  
Presented by Roy Bird  
Mondays, June 2, 9 & 16 - 3:00-5:00 p.m.  
Meadowlark Hills Community Room  
2121 Meadowlark Road, Manhattan  
$40.00
Explore the rich history, with a special interest in the role of women, from the pioneer era through the mechanization of the 19th and 20th centuries, to the wireless technology of harvesting today. While men and boys toiled to gather a crop—fighting time, the elements and obstinate machinery—farm wives and daughters did chores and housework, and still managed to spread scrumptious meals for the harvesters.

Peace and Conflict in Northern Ireland  
Presented by Terrie R. McCants  
Wed, July 14, 21 & 28 - 3:00- 5:00 p.m.  
Meadowlark Hills Community Room  
2121 Meadowlark Road, Manhattan  
$40.00
This course examines the historical, political, and religious roots of Northern Ireland’s conflict. We’ll analyze the area’s cultural traditions and explore the ways in which this divided society copes with the attendant political, economic and social problems. We will look at key events of the conflict.

The History of Rock ‘n’ Roll  
Presented by Steven Maxwell  
Wed, July 14, 21 & 28 - 3:00- 5:00 p.m.  
Meadowlark Hills Community Room  
2121 Meadowlark Road, Manhattan  
$40.00
For more than fifty years, rock ‘n’ roll has influenced many aspects of our lives. This course will look at rock ‘n’ roll from its origins, focusing on the development of rock styles from its roots in blues, folk, country and pop. For the purposes of this course, we’ll focus on music from the 1950s, 1960s and 1970s.

The Ukraine Crisis  
Presented by Waldemar Biniecki  
Wed, July 23, 30, Aug 6 - 7:00-9:00 p.m.  
Meadowlark Hills Community Room  
2121 Meadowlark Road, Manhattan  
$40.00
This course explores the fast moving events in Ukraine as they are unfolding. We’ll start with a brief history of both Ukraine and Russia and the expansion of the Russian Empire and Soviet Republics. Ukraine achieved independence in 1991 after the Soviet empire crumbled. We’ll discuss the economic, strategic and geopolitical role of Ukraine today as well as what contributed to the February 2014 revolution that ousted leader Viktor Yanukovych and prompted Russia’s takeover of Crimea.
