Teach a class! Email info@tryufm.org
We are fortunate to have so many talented and knowledgeable individuals who are willing to share with others through a UFM class.

UFM classes are not a forum for selling a product or service from which the instructor might benefit. Materials specifically oriented to an instructor’s financial interests are not to be distributed in class. Participants who wish to pursue a relationship with an instructor outside class time do so on their own responsibility. Please share any concerns you may have about class material or an instructor by calling Kayla at 539-8763.

Make arrangements for classroom accessibility. Some individual classes may have age restrictions or require instructor permission. Please call (785) 539-8763 to make arrangements for classroom accessibility.

We will provide a full refund if a class is canceled by UFM. If a student withdraws from a class 48 hours before the class begins, a full refund may be given, except for any published non-refundable material fees. No refunds will be given once class has started.

Tuition refunds are calculated based on the number of calendar days in the class. You may be eligible for a full or partial refund of tuition if you choose to drop your class before a certain date. Please refer to the full withdrawal and refund policy at http://global.k-state.edu/courses/registration/policies-withdrawal or visit http://courses.k-state.edu/summer2015/information/deadlines.html.

Limited scholarships available for adults and children who qualify who needs accommodations should indicate this at the time of registration. Any class can be placed in a handicapped accessible room.

Limited scholarships available for adults and children who qualify for established income guidelines.

LEARN TO SWIM CLASSES

UFM proudly offers the American Red Cross Swim Lessons Levels 1 - 6, Parent/Infant and Parent/Tot, and Tot Transition. UFM also offers private lessons and adult swim classes.

Water safety is reinforced with tips and practice each day. The first day of class, each student is evaluated to assure that they are in the proper class. Students advance through the levels at their own rate and are moved to different class levels as space permits and skill advancement demands.

LOCATION: KSU Natatorium - Ahearn Complex on Denison Avenue

Lockers are available for use during class. Participants must supply towels and swimsuits. Children over the age of 5 are not permitted in restrooms/locker rooms of the opposite sex. Changing tables are available in both the men's and women's locker rooms.

Packing: After 5PM free parking is available in the K-State parking lot on Denison Avenue across the street west of the Natatorium, or on side streets. The parking garage located by the K-State Student Union is also available at $1.50/hour.

Swim Program Make-up and Refund Policy: When a class is canceled due to severe weather or other circumstances when a lesson cannot be provided by UFM, a make-up class will be scheduled or a refund will be issued in the amount of the missed lesson.

When class participants are absent from class, UFM will not issue a refund or make-up session due to staff availability, budgeting and scheduling constraints.

NOTE: Minimum enrollment for all classes is 4. If less than 4 enroll, classes may be combined, changed to private or semi-private lessons or canceled.

BEGINNING & ENDING DATES:
Levels I-VI, Adult Lessons & Lap Swimming
Session A: Monday - Thursday, June 1 - June 11
Session B: Monday - Thursday, June 15 - June 25
Session C: Monday - Thursday, June 29 - July 9
Session D: Monday - Thursday, July 13 - July 23

Level I: Introduction to Water Skills
Youth lessons. The objectives of Level 1 are to learn basic personal water safety information and skills, to help participants feel comfortable in the water and to enjoy the water safely. At this level participants start developing positive attitudes, good swimming habits and safe practices in and around the water. For the list of skills to be learned in class visit www.tryufm.org, non-credit course descriptions.
Fee: $57.00 per session (8 lessons/45 min)

Level II: Fundamental Aquatic Skills
Youth lessons. The objective of Level 2 is to give participants success with fundamental skills. Participants learn to float without support and to recover to a vertical position. This level marks the beginning of true locomotion skills. Participants further develop simultaneous and alternating arm and leg actions on the front and back that lay the foundation for future strokes. As in all levels, safety skills will be presented to improve comprehension of previous knowledge. For the list of skills to be learned in class visit www.tryufm.org, non-credit course descriptions.
Fee: $57.00 per session (8 lessons/45 min)

Level III: Stroke Development
Youth lessons. The objective of Level 3 is to build on previously learned skills by providing additional guided practice. Participants will learn to survive float, swim the front crawl and elementary backstroke. Scissors and dolphin kicks, as well as the fundamentals of treading water will be introduced. Participants will also learn rules for headfirst entries and begin to learn to enter the water headfirst from a seated position at poolside. As in all levels, safety skills will be presented. For the list of skills to be learned in class visit www.tryufm.org, non-credit course descriptions.
Fee: $57.00 per session (8 lessons/45 min)
Level IV: Stroke Improvement
Youth lessons. The objectives of Level 4 are to develop participants’ confidence in the strokes learned thus far and to improve other aquatic skills. In Level 4 participants improve their skills and increase their endurance by swimming familiar strokes (front crawl, elementary backstroke) for greater distances. Participants add the arms to the scissors kick for the sidestroke. Participants also start to learn the back crawl, breaststroke and butterfly and the basics of turning at a wall. For the list of skills to be learned in class visit www.tryufm.org, non-credit course descriptions.
Fee: $57.00 per session (8 lessons/45 min)

Session A: Monday - Thursday
15BAQ04A1 9:50 AM to 10:35 AM

15BAQ04A3 5:30 PM to 7:15 PM

Session B: Monday - Thursday
15BAQ04B1 9:50 AM to 10:35 AM
15BAQ04B2 10:40 AM to 11:25 AM
15BAQ04B3 5:30 PM to 7:15 PM

Session C: Monday - Thursday
15BAQ04C1 9:50 AM to 10:35 AM
15BAQ04C2 10:40 AM to 11:25 AM
15BAQ04C3 5:30 PM to 7:15 PM

Session D: Monday - Thursday
15BAQ04D1 9:50 AM to 10:35 AM
15BAQ04D2 10:40 AM to 11:25 AM
15BAQ04D3 5:30 PM to 7:15 PM

Level V: Stroke Refinement
Youth lessons. The objectives of this level are coordination and refinement of strokes. Participants refine their performance of all the strokes (front crawl, back crawl, butterfly, breaststroke, elementary backstroke and sidestroke) and increase their distances. Flip turns on the front and back are also introduced. *Levels 5 and 6 are combined classes. For the list of skills to be learned in class visit www.tryufm.org, non-credit course descriptions.
Fee: $57.00 per session (8 lessons/45 min)

Session A: Monday - Thursday
15BAQ05A1 9:50 AM to 10:35 AM
15BAQ05A2 10:40 AM to 11:25 AM
15BAQ05A3 5:30 PM to 7:15 PM

Session B: Monday - Thursday
15BAQ05B1 9:50 AM to 10:35 AM
15BAQ05B2 10:40 AM to 11:25 AM
15BAQ05B3 5:30 PM to 7:15 PM

Session C: Monday - Thursday
15BAQ05C1 9:50 AM to 10:35 AM
15BAQ05C2 10:40 AM to 11:25 AM
15BAQ05C3 5:30 PM to 7:15 PM

Session D: Monday - Thursday
15BAQ05D1 9:50 AM to 10:35 AM
15BAQ05D2 10:40 AM to 11:25 AM
15BAQ05D3 5:30 PM to 7:15 PM

Level VI: Swimming and Skill Proficiency
Youth lessons. The objectives of this level are to refine strokes so participants can swim them with more ease, efficiency, power and smoothness and over greater distances. Level 6 also introduces other aquatic activities and offers three options - Personal Water Safety, Fundamentals of Diving, and Fitness Swimmer. These options focus on preparing participants for more advanced courses, such as the Water Safety Instructor course, or other aquatics activities, such as competitive swimming or diving. *Levels 5 and 6 are combined classes. For the list of skills to be learned in class visit www.tryufm.org, non-credit course descriptions.
Fee: $57.00 per session (8 lessons/45 min)

Making Cold Hard Cash 15BFC144
Turning your pennies into cold, hard cash is easier than you think! It just takes a little afternoon planning, some change, a few ice cube trays and a freezer.
In this class, you will learn the best way to freeze your money. Coins are easy, but we will also talk about freezing paper money which takes a bit more preparation. This skill works great for saving your cash in a safe place where burglars will probably not look. It is great for a trip to the arctic, but not recommended to take in your pocket on a hot summer day! Students will have access to an on-site freezer if needed.

Mary Ervin, owner of Creating Spaces, has over 15 years of experience in both residential and commercial design. When designing for her clients she believes that creating authentic spaces that fit individual needs is of utmost importance. Mary’s expertise is enveloping color and texture into her designs. She is also a certified Feng Shui consultant as well as a stager for real estate companies.

Introduction to Digital Photography: The Basics 15BCF190
This class will focus on the basic concepts of photography and using your camera. To get the most from the class, participants should have a digital camera that users can set the f-stop and shutter speed for (DSLR’s and most advanced compact cameras will have a manual, aperture priority or shutter priority mode that will work for this). If you aren’t sure if your camera will work for the class, don’t hesitate to ask. Topics that will be covered in the class are how f-stop, shutter speed, and ISO work together to determine a photograph’s exposure, how these settings can influence the look of your photo, how to take control of your camera and set the f-stop and shutter speed, how to use ISO, what white balance is, and how in-camera processing settings can impact the color of your photographs. The class will also cover controlling your exposure, using your histogram, bracketing exposures and working with light. The last part of the class will introduce some basic concepts about composition and creating the photograph you want. The class will include 4 classroom meetings (Wed) and 3 optional field trips (Saturdays) to practice what we cover in the class meetings. Exact times of the field trips will be discussed at the first class, but will be on Saturday evening a few hours before sunset. Participants will be responsible for their own transportation to the field trips. Class dates: Wednesday: 7-9pm, June 3rd, June 10th, June 17th, and July 1st (no class on June 24th). Saturday field trips: a couple of hours before sunset June 6th, June 13th, June 20th

Intro to Geocaching 15BEN103
Geo is a prefix for earth. Cache is a hiding place used to store items. Today there are over 2.5 million geocaches hidden around the world. They can be found deep in the woods, under water and even stuck to the underside of park benches and the containers are getting increasingly more clever. Geocaching has become a hobby for many individuals, friends and families. Has your interest been piqued? Here’s your chance to find out more. The first hour of the class will cover the terms, basic information and how-to for geocaching. After that, the class will be hands-on and geocaching will take place on the KSU campus and close to UFM. If you already have a handheld GPS unit or smart phone or tablet, bring it to class with you. We will download one of the free apps for geocaching. Some handheld GPS units will be available to borrow.

Simple Solar Water and Space Heating 15BEN100
In this class we will discuss different ways of solar heating water and air, and storing the heat for later in the day. Mostly we want temperatures well within the reach of simple hardware we can make ourselves. We will emphasize the simplest, least costly ways of making the sun work for us:
* from drain-back and batch water heaters to freeze protection.
* and how to integrate simple daytime space heaters into your house, making the air wander through and heat as much of your house as possible.
Bill has built and installed most types of solar water and space heating collectors since 1975. His favorites are the simplest. Sponsored by the Flint Hills Renewable Energy & Efficiency Cooperative, Inc. www.fhrconline.org

Photovoltaics 101 and Fossil Fuels meet Renewable Energy 15BEN114
Solar electricity is not the solar you remember. New technologies and an understanding of how it all fits into everyone’s lives have completely changed the game. It is no longer out of reach either cost wise, or kept in the hands of a small group of techno geeks. Solar electricity is available to nearly anyone. We’ll be talking about today’s solar panels-the inverters which change the power coming off your roof into garden variety AC electricity coming out of your home’s wall outlets. Working together as a cooperative, we cut the costs so the myth of “too expensive” fades into a pretty good investment for most people. **Egyptian Cuisine**  
*NEW!*  
**15BFF128**

Learn the cooking techniques of a complete Egyptian meal including the main course, Kofta: a yummy recipe that features finely ground beef cooked on skewers in an oven or on a grill. You can serve it on rice, in pita bread with cucumber and tomatoes, and served with Tahini (a typical condiment made of sesame seed paste, olive oil, lemon juice, chopped garlic cloves, salt and parsley); Mahshi Kronb (Cabbage rolls): an Egyptian vegetarian dish that cooked ground beef could be added to the rice stuffing mixture, but is awesome without meat; Baba Ghannoush (Eggplant dip): a great Egyptian appetizer served with pita bread and fresh sliced cucumber; Basbousa: a traditional Middle Eastern sweet cake that is made of cooked semolina and soaked in simple syrup; and Sahlab: a warm, tasty dessert drink! You know hot chocolate, right? Well, think of this as hot vanilla. There are boxed mixtures of this drink, but it is traditionally prepared at home.

Guided Solar Home Tour 15BPI112
If you thought that solar energy is yesterday’s technology, think again. In this class, we are offering a guided tour of different solar energy systems on Manhattan homes. We have selected these homes because they are modern applications using today’s hardware, and that are cost effective in Kansas now. They will include:
* A Direct Gain Passive Solar home
* An Attached Passive Sunroom
* A Solar Electric (Photovoltaic or PV) System with New Solar Water Heating System
* A home that has it all: SIPS construction with Passive Sunroom, Solar Batch Water heater and a Tracking Photovoltaic System
We will meet at UFM to car pool to several local homes using solar energy for their electricity, space or water heat. Some will be passive solar homes and others will be examples of how solar energy can be added to existing homes. Sponsored by the Flint Hills Renewable Energy & Efficiency Cooperative, Inc. www.fhrconline.org

From the Vine to the Glass - Mark Roeser Vineyard 15BPI131A
Experience grape growing in Kansas, right here locally! Manhattan and the surrounding area is home to several local grape vineyards whose crops are grown for the process of winemaking throughout the state of Kansas. Highland Community College in Wamego is leading the charge by teaching viticulture (growing grapes) and enology (winemaking). HCC also makes industry training accessible through their unique degree programs, teaching participants the complete process of winemaking. This summer, HCC and UFM have partnered again to offer a special series of classes, From the Vine to Glass. These classes will allow participants the opportunity to tour a few of the local vineyards as well as taste local wines. The classes will include discussion of the Kansas grape and wine industry, a tour of the vineyard, followed by tasting wine made from grapes grown at that vineyard. Participants will have the opportunity to see the various growth stages of the grapes. The HCC Vineyard and Winery class will include a tour of the winemaking facility in Wamego.

Location: Detailed location information will be emailed prior to class. MUST BE 21 TO PARTICIPATE IN TASTING.

A good storyteller can sweep you away to another time and place in the wink of an eye and the turn of a phrase. We will explore what makes a good story and how to tell a story effectively. Then each person who wishes to try these techniques will choose a favorite folk tale or a personal story to craft into a tale to share with others. Even if you have no desire to become a “storyteller,” you will gain insights on how to captivate and entertain your grandchildren or other family members with your unique life stories.

Many people are unaware that there were prisoner of war camps in Kansas during World War II. Topics will include why POW camps were built in Kansas, how prisoners were treated, prisoner jobs and prison life in the camp, escapes, reeducation, and going home. The course will also cover the challenges faced by American soldiers at the camps and explore the feelings of the local population.

We’ll travel by coach to Kansas City where we’ll spend the morning at the National World War I Museum at Liberty Memorial. Lunch will be at the museum’s Over There Café. In the afternoon, we’ll take a guided tour of the spectacular Kauffman Center for the Performing Arts and its two performance halls. The tour presents a historic overview of the building’s development and highlights its architectural accomplishments.

We’ll visit Concordia and first view the POW camp site north of town where the tower still stands and then tour the POW camp exhibit in the Cloud County Museum in Concordia. At its height, Camp Concordia had 304 buildings, 4,027 prisoners, 880 American soldiers and employed 179 civilians. Lowell May, instructor of the Osher course on the POW camps of Kansas, will be on board to give us insights. After a spectacular lunch at Maria’s Joy Teahouse (with the best carrot cake in Kansas), we’ll tour the National Orphan Train Museum. There, we’ll learn about the Orphan Train Movement of 1854–1929 that transported an estimated 200,000 orphans from eastern cities to new homes throughout the Midwest. Many Kansans trace their roots to this extraordinary migration. The museum highlights their stories. We’ll see the impressive brick Whole Wall Mural at the visitor center before leaving for home.

Trip to Concordia’s WWII Prisoner of War Camp and the Orphan Train Museum

For more than 50 years, rock ‘n’ roll has influenced many aspects of our lives. This course will look at rock ‘n’ roll from its origins, focusing on the development of rock styles from its roots in blues, folk, country and pop. We’ll expand and enrich participant’s listening experience through examining song forms, musical instruments of rock, and the socio-political significance of song lyrics. For the purposes of this course, we’ll focus on music from the 1960s, 1970s and beyond.

This course examines films withheld from public view due to their religious, political or sexual content. Created by filmmakers from different eras, some of these works dared to break traditions and defy conventions; thus, potential cinematic breakthroughs were lost to history, preventing a deeper understanding of the culture of the day. We’ll compare censored and uncensored scenes from movies, re-evaluate films acceptable in their day and now considered politically incorrect, and debate what should be banned and who should make such decisions.

UFM Liability Participant Statement
By enrolling in this class, I hereby agree, for myself and for the enrollee, to UFM Community Learning Center’s liability statement and acknowledge and understand the potential risk(s) of injury associated with participation in recreational sports and fitness activities. Participants should voluntarily assume all risks of loss, damage or injury that may be sustained while using Kansas State University or UFM facilities or participating in programs. K-State Continuing Education/UFM assumes no responsibility for costs involved with individual injury or property loss incurred in connection with the use of University or UFM facilities. Individuals are reminded that they should review their own personal circumstances to determine if they have adequate insurance or protection in case of injury resulting from the use of University facilities or participation in programs. It is recommended that all participants have a complete physical before engaging in any physical recreation program.

UFM Refund and Cancellation Policies
We will provide a full refund if a class is canceled by UFM. If a student withdraws from a class 48 hours before the class begins, a full refund may be given, except for any published non-refundable material fees. No refunds will be given once class has started. When we cancel or reschedule a class, you will be notified. Therefore, it is extremely important that we have a daytime and an evening phone number where we may reach you or leave a message. We reserve the right to cancel any class.

Stop by the UFM House at 1221 Thurston between 8:30-Noon & 1:00-5:00 PM (M-F). After-hours drop box available.
Class registration confirmations will be sent via email.

Complete the registration form and mail it with your check, money order or credit card information to: UFM Class Registrations 1221 Thurston St. Manhattan, KS 66502.
