Welcome to UFM Community Learning Center...

We hope you enjoy looking through this semester's class offerings. Whether you want to learn to swim, learn to dance, develop personal or professional skills or learn a new hobby, UFM tries to get you involved. UFM is a unique organization where the "faculty" is the entire community. Classes each semester are determined by community interests and the willingness of community members to participate as instructors, sharing something they know with others. In the past 32 years, nearly 6,000 people have taken the time to share something they know with others.

Every semester we include a "fake" class. Locate this class and you will receive $1.00 off on a class registration during the semester.

Each Fall, UFM sponsors the Low Douglas Lecture Series. This year's slate of speakers includes James K. Galbraith on wage issues, Eugene Scott speaking on creationism and Laura Cecere on Chinese adoption. Check out the announcement on page 22 for dates, times and locations.

Other UFM programs include the Community Garden, providing low cost growing space and the Teen Mentoring Program that provides support, encouragement and life skills training to local youth. To find out more about UFM or to get on the catalog mailing list, call 539-8763 or stop by the UFM office at 1221 Thurston in Manhattan.

- Volunteers to Paint the Building

Thanks to those who responded to our wish list last semester!

UFM ASSISTS THE PHILOSOPHY THAT ANYONE can teach and anyone can learn. We rely on the credentials provided by instructors, class observation and participant feedback as tools for evaluating a class and an instructor’s abilities.

UFM classes are not a forum for selling a product or promoting a form of work which the instructor might benefit. Materials specifically oriented to an instructor’s financial interests are not to be distributed in class. Participants who wish to pursue a relationship with an instructor outside class time do so on their own responsibility. Please share any concerns you may have about class material or an instructor by calling Charlene at 539-8763.

UFM is committed to a policy of nondiscrimination on the basis of race, sex, national origin, handicap, religion, age, sexual preference, or other non-merit reasons, in relation to admissions, educational programs or activities, and employment, all as required by applicable laws and regulations.

UFM provides a neutral site to discuss community needs. The views expressed by course instructors or those groups utilizing our meeting space are not necessarily those held by UFM programs, Board members, or staff.

INCLEMENT WEATHER POLICY
UFM courses held on campus follow the inclement weather policy of Kansas State Universities. Courses will be conducted unless all University courses are cancelled. If the instructor informs the registrar that he or she will not be present at a given class meeting, the instructor is then responsible for arranging a make-up lesson. Weather sensitive courses will use the scheduled rain date. If a rain date is not scheduled, instructor will be responsible for rescheduling.

UFM CANCELLATION POLICY
When we cancel or reschedule a class, you will be notified. Therefore, it is extremely important that we have a daytime and even a night-time phone number where we may reach you or leave a message. We reserve the right to cancel any class.

REFUND POLICY
We will give a full refund if a class is cancelled by UFM. If a student decides to withdraw before the class begins, and gives 48 hours notice before the starting date, we will refund at full $33 processing fee. NO REFUND AFTER THE CLASS BEGINS.

PRE-REGISTRATION IS REQUIRED
All participants must pay registration fees before attending a UFM class. This allows for adequate handouts and materials. You are not registered until we receive your registration fee. A class may be canceled due to insufficient pre-registration.

LIABILITY STATEMENT
Individual participants should be aware of the risks and hazards involved in recreational sports and fitness activities. They should voluntarily elect to utilize KSU and UFM facilities and participate in programs recognizing present conditions and further agree to voluntarily assume all risks of loss, damage, or injury that may be sustained while using KSU or UFM facilities or participating in programs.

KSU Continuing Education/UFM assumes no responsibility for costs involving individual injury or property loss incurred in connection to the use of University or UFM facilities. Individuals are reminded that they should review their own personal circumstances to determine if they have adequate assurance or protection in case of injury resulting from the use of University facilities or participation in programs. It is recommended that all participants have a complete physical before engaging in any physical recreation program.

Learn to Swim Classes
UFM and the Division of Continuing Education are pleased to present the American Red Cross Learn to Swim Program Levels I-VII plus adult swim classes. Small classes allow for carefully guided instruction in stroke technique and water safety. Water safety is reinforced with tips and practice each day. The first day of class each student is evaluated to assure that they are in the proper class. Students advance through the levels at their own rate and are moved to different class levels as space permits and skill advancement demands.

PARENT'S DAY is scheduled to allow parents on deck to observe their child's progress. Each child will receive a written report at this time as well as at the end of class.

Parent's Day Dates:
Session A: Monday, October 9
Session B: Wednesday, October 11
Session C: Saturday, October 14
Session D: Tuesday/Thursday, September 30
Session E: Tuesday/Thursday, October 6

LOCATION: KSU Natatorium - Ashen Complex

BEGINNING & ENDING DATES:
Session A: Mondays, September 11 - November 13
Session B: Wednesday, September 13 - November 15
Session C: Saturday, September 9 - November 18
Session D: Tues/Thurs, September 7 - October 10
Session E: Tues/Thurs, October 12 - November 16

No lessons on October 28, 31

Parent/Infant and Parent/Tot
This water orientation program is designed to teach you how to work safely and effectively with your child and to teach basic water safety and self-help skills. This program emphasizes water adjustment, preparatory activities for swimming and water enjoyment for you and your child. Small children should wear snug fitting lightweight pants covered by rubber parts. To participate, infants must have the ability to voluntarily raise their heads 90 degrees when lying flat on their stomachs and be 6 months old. During the 6 meetings the parents will receive instruction and have opportunity to practice water techniques with their children. Parent must accompany child.

Session A: AQ-01P
Session C: AQ-02P
Session D: AQ-03P
Session E: AQ-04P

Fee: $19 per session

Tot Transition
If your 3 - 4 year old toddler is ready to try the water without a parent, but not ready for Level I, this short class is for them. Emphasis will be on basic water safety and preparation activities for swimming. Some parent participation may be allowed.

Session B: Wed. September 13 - October 18
Session C: Saturday September 9 - October 14
Session D: Tues/Thurs October 3 - October 19

Level I: Water Exploration
The object of Level I is to help students feel comfortable in water and to enjoy the water safely. Students will be introduced to elementary aquatic skills which will be built on as they progress through the Learn to Swim program. A student is ready for this level when they are mature enough to participate in a group setting without their parent.

Session A: (See dates above)
Session B: (See dates above)
Session C: (See dates above)
Session D: (See dates above)
Session E: (See dates above)

Fee: $38 per session

Level II: Primary Skills
The objective of Level II is to give students success with fundamental skills. Students learn to float without support and to recover to a vertical position. This level marks the beginning of true locomotion skills and adds to the self-help and basic rescue skills begun in Level I. Students entering this course must have a Level I certificate or must be able to demonstrate all the completion requirements of Level I.

Session A: (See dates above)
Session B: (See dates above)
Session C: (See dates above)
Session D: (See dates above)
Session E: (See dates above)

Fee: $38 per session

Level III: Stroke Readiness
The objective of Level III is to build on the skills in Level II by providing additional guided practice. Students will learn to coordinate the front and back crawl. They will be introduced to the elementary back stroke and to the fundamentals of treading water. Students will also learn rules for safe diving and begin to learn to dive from the side of the pool. Students entering this course must have a Level II certificate or must be able to demonstrate all the completion requirements in Level II.

Session A: (See dates above)
Session B: (See dates above)
Session C: (See dates above)
Session D: (See dates above)
Session E: (See dates above)

Fee: $38 per session

Level IV: Stroke Development
The objective of Level IV is to develop confidence in the strokes learned thus far and to improve other aquatic skills. Students will increase their endurance by swimming familiar strokes (elementary backstroke, front crawl, and back crawl) for greater distances. Students will be introduced to the breaststroke and sidestroke and the basics of treading at a wall. Students entering this course must have a Level III certificate or must be able to demonstrate all the completion requirements in Level III.

Session A: (See dates above)
Session B: (See dates above)
Session C: Saturday 10:15 - 10:55 am
Session E: (See dates above)

Fee: $38 per session

E mail uim at ksu.edu
Level VI: Stroke Refinement
The objective of Level VI is to coordinate and refinement of key strokes. Students will be introduced to the butterfly, open turns, the feet-first surface dive and springboard diving. Participants learn to perform the front crawl and back crawl for increased distances and to perform the sidestroke and breaststroke. Students entering this course must have a Level IV certificate or must be able to demonstrate all the course requirements of Level IV.

Session C: (See dates above)
AQ-15C Saturday 10:15 - 10:35 am
Fee: $38 per session

Level VII: Skill Proficiency
The objective of Level VII is to polish strokes so students swim them with more ease, efficiency, power, and smoothness over greater distances. Students develop considerable endurance by the end of this course. Additional practice is helpful to develop and maintain the strength necessary in Level VII. Participants will be introduced to additional turns as well as the side and touch surface dives. Students entering this course must have a Level V certificate or be able to demonstrate the skills required to complete Level V.

Session C: (See dates above)
AQ-16C Saturday 10:15 - 10:35 am
Session E: (See dates above)
AQ-16E Tues/Thurs 6:40 - 7:20 pm
Fee: $38 per session

Level VII: Advanced Skills
The objective of Level VII is to perfect strokes and to develop good turn skills. Participants are urged to use aquatic activities throughout life to maintain their physical condition. They will be taught springboard diving and advanced rescue skills. Participants entering this course must have a Level VI certificate or must be able to demonstrate all the completion requirements in Level VI.

Session C: (See dates above)

Long-Term Care

What exactly is it? Should you be covered by long-term care insurance? Can you afford the out-of-pocket expenses that an extended stay in a nursing home can cost? The average cost for a one-year stay in a nursing home is $58,000 nationally. Skilled nursing care in your home with a nurse seeing you three times a week for two hours at a time will cost approximately $12,300 a year. Medicare supplemental insurance does not cover long-term care expenses. Come to the class to learn more about this.

Teen Money FC-09
As parents we often tell our children "Money doesn't grow on trees," but do you explain how money does grow? The goal of this class is to help young people understand the value of money and how it works. Basic money concepts will be covered, including needs versus wants, compound interest, setting short-term goals, inflation and understanding credit cards. Helping your child establish good money habits at a young age can have a powerful impact on their financial future. For youth 13+ years and their parents/guardians.

Robin Sipp (776-3666) works with a local financial service company. She has 20 years experience teaching elementary school and 6 years of teaching middle school. One area that is left out in the educational system is teaching about money skills. She is excited to be able to show participants how investing small amounts of money can create wealth over a period of time.

Date: October 5 (Thursday)
Time: 7:00-8:30 pm
Fee: $10 child and parent/guardian

Special THANKS TO THE UFM INSTRUCTORS who volunteer their time.
Financial Planning For Women FC-06a
Ninety percent of women become wholly responsible for their own financial welfare sometime during their lifetimes. It's critical for women to take an active role in managing their money and preparing for the future. This class will cover basic information to provide structure in planning and managing your finances. Information on investing will be included.

Diane Freeby (537-4500) is a graduate of Kansas State University. She holds a degree in education and business management. She is a financial advisor with Waddell & Reed Financial, Inc.

Financial Planning For Women FC-06b
Women outline men on average by about seven years, according to the U.S. Department of Labor, and the average age of widowhood in the United States is 56. Since most women will eventually handle finances on their own, it's critical for them to take an active role in managing their money and preparing for the future.

Marjory Temich (337-4500) has a B.A. in chemistry and is a financial advisor with Waddell & Reed in Manhattan. She knows the importance of financial planning from personal experience and enjoys helping others achieve their financial goals.

Sharing the Best Books with Children at Home or in the Classroom
Move your feet into the shoe that says, "So Many Books, So Little Time!". You love to read to your children or the kids in your classroom. But, with the thousands of books in the library and in the bookstore, how do you know which ones are really terrific? Many studies show that reading aloud is the best thing you can do to help your children learn to enjoy books and do well in school. It is not only fun, it's necessary. Jerri will share her tried-and-true favorites with you. All of these books have a wide interest range and older children and adults may enjoy these listed for a younger group just as much. You'll leave with a list of books you'll want to check out or purchase and can't wait to read. This class is for parents and teachers. It is not a storytelling for children.

Jerri Garretson's strong background in children's literature and years as a children's librarian give her a knowledge of children's books. She has presented read-aloud programs to children and adults for over eight years. In addition to her own family, Jerri is a volunteer to children and grandchildren. She is also the author of four books.

Rules of Dieting
FF-88
This class will give you tips on weight control. You will learn "rules to live by." For example, did you know that if you drink a diet soda with a candy bar, the calories in the candy bar are cancelled out by the sodas. Movie related foods (Milk, Doda, Buttered Popcorn, Junior Mints, etc.) do not have additional calories because they are part of the entertainment package and not part of one's personal fuel. Many people don't know that cookie pieces contain no fat - the process of breaking causes fat leakage.

Richard Slim has been using these dieting tips for many years. He has very good intentions and believes that tomorrow is the best time to start your dieting program. He recommends to eat when no one sees you, because if no one sees you eat the food then the food has no calories. Another tip is to fasten up everyone else around you, then you look thinner.

About UFM Classes

UFM adheres to the philosophy that anyone can teach and anyone can learn. We rely on the credentials provided by instructors, class observation and participant feedback as tools for evaluating a class and an instructor's abilities.

UFM classes are not a forum for selling a product or service from which the instructor might benefit. Materials specifically oriented to an instructor's financial interests are not to be distributed in class. Participants who wish to pursue a relationship with an instructor outside class time do so on their own responsibility. Please share any concerns you may have about class material or an instructor by calling Charlene at 539-8763.

The Evolution Controversy
In light of the current controversy in Kansas over the teaching of evolutionary theory, this course will address both scientific and theological issues. It will meet three times. The first class will review some basic concepts and current questions in modern evolutionary theory. The second will present the evidence for transitional forms in the fossil record, and the third will address philosophical and theological issues. Significant time will be set aside during each meeting for questions and discussion. If you are confused about the claims and counterclaims being made in this public debate, take the opportunity to attend this class.
Keith Miller is a research assistant professor in the Geology Department at K-State. He is also a fellow at the American Scientific Affiliation (an association of Christians in the sciences) and an officer in the Affiliation of Christian Geologists. He is interested in Earth and Life history—particularly in the interaction between evolving biological communities and an ever changing Earth. He is also interested in the relationship between evolutionary theory and theological concepts of creation.

Sustainable Manhattan Community Roundtable Series
Sustainability is the new way of thinking about an age-old concern enabling our children and grandchildren inherit a tomorrow that is at least as good as today, and preferably better. We want to make sure that the way we live our lives is sustainable that it can continue and keep improving for a long, long time. Sustainability is about finding new ways of doing things that can both solve problems and improve our quality of life, both now and in the future. Those sessions are offered at no cost and you may sign up for any that interest you, call UFM at 539-8763. Join Sustainable Manhattan as we explore the issues that will shape the future of our community.

Housing Needs and Housing Options: How Can We Meet the Challenge?  EN-13

FENCING

Salute, Mask, En Garde!

With these three words it begins... testing, probing, gauging... then bang! Retreating into centuries ago, the fencer stands alone, his very life in the balance. Win or lose, he shall do so with Byrne dignity...

It's just a game! UFM continues to offer beginning and intermediate fencing, both as credit and non-credit classes. Fencers from the program have gone on to do well at regional tournaments. Others fence to perfect their craft, or for the exercise. Many come to laugh and banter—a good time is to be had by all.

Fencing style tells a story and reveals much about us in minutes, quick or slow movement; attack style and strategy. Too bad all of us can't invite one another for a few friendly bouts. For whatever the reason; we fence. For many, it's a game that always teachings. After all, it's just a game, isn't it?

Four Fencers

Kyle: The Snake Charmer—duels opponent with lazy movement, then sudden attacks.
Jeff: The Pit Bull—continuous kinetic style that doesn’t stop until action is halted.
James: The Technician—perfecting the coupé and glide; decides on course of action.
Aron: The Counter Attacker—waits for attack, parry riposte or runs deep stop-thrust.

TAE KWON DO

Tae Kwon Do is a great way to learn self-defense and to increase your flexibility and cardiovascular system. The classes during the week are made up of kids that range in age from 10 to 100. We compete in tournaments in Kansas, Nebraska and Missouri. The tournaments are a great boost to your self-esteem when you compete against other people at your level.

To advance to the next level, there are promotional tests held in Topeka at the main school every other month.

Before every semester starts, we give a demonstration on Tae Kwon Do and we have also done demonstrations when asked by other organizations in Topeka, Manhattan and Salina.

Tonya, David & Melissa with their trophies.

Justin Lewis: Star Pupil

Justin Lewis started in Tae Kwon Do in September 1998 through the UFM program. At present he has a High Brown Belt ranking. Justin enjoys competing and has participated in 5 tournaments. He has won 6 trophies and 2 gold medals.

The gold medals were won at the Sunflower State Games last summer in Lawrence. It was the first time that Tae Kwon Do was part of the competition in the state games.

At tournaments, Justin competes in both the forms and sparring competitions, but he enjoys the sparring competition the most. Justin says that Tae Kwon Do has taught him about self-control and about self-esteem. He feels it is a sport that allows you to work at your own speed and to work for the ranking that you want to earn.

**Judo I**  
**KIN-144 or ES-200**

Judo is a modern martial art developed in Japan. It is intended not for gaining proficiency, but to gain understanding of how principles of dynamics (force, acceleration, momentum, work, rotation, moment of inertia, etc.) are used to gain physical advantage (subduing the opponent). Techniques are selected for safety of participants and for demonstrating fundamental principles.

**Instructor:** Isaac Watabayashi

**Date:** August 22 - December 7 (Thursday/Thursday)

**Time:** 8:45 - 10:00 pm

**Fee:** $16

**Location:** 1111 More

**Judo II**  
**KIN-148 or RES-200**

In Judo II participants continue to gain understanding of how principles of dynamics are used to gain physical advantage. New and advanced skills are taught along with safety techniques. In preparation for competitive effectiveness, techniques will be tailored to fit the individual practitioner.

**Instructor:** Isaac Watabayashi

**Date:** August 22 - December 7 (Thursday/Thursday)

**Archery for Adults**  
**RES-200**

This course provides men and women with instruction in target style archery. Emphasis is on the archery form currently used in Olympic sports. Participants will learn safety rules, scoring, stance, release of arrow, and execution of follow through. Information on basic equipment selection and set-up will also be taught and all equipment will be provided by the instructor. Techniques will be tailored to fit individual levels of advancement.

**Instructor:** Tom Korte

**Date:** September 7 - October 26 (Thursday)

**Time:** 8:30 - 9:45 pm

**Location:** 1125 Laramie Plaza

**Beginning Fencing**  
**RES-200**

Beginning fencing is an introduction to the fundamentals of modern sport fencing. Of the three weapon types (foil, épée, sabre) sanctioned in international competitions, only foil is taught in beginning fencing. This course may not be repeated for credit. Fencing entails progressive conditioning of the shoulders, lower torso and legs along with fine motor enhancement of the fingers and wrists. Understanding fencing has wide application off the strip - integrating diplomacy, aggression, speed and skill.

**Instructor:** William Meyer

**Date:** August 24 - December 7 (Thursday)

**Time:** 4:30 - 5:30 pm

**Fee:** $138

**Location:** ECM Auditorium

**Intermediate Fencing**  
**RES-200**

Intermediate fencing continues with the concepts presented in beginning foil fencing. Emphasis is on technique refinement, theory of attacks, and scoring. The course may be repeated for credit.

**Instructor:** William Meyer

**Date:** August 23 - December 6 (Wednesday)

**Time:** 4:30 - 5:30 pm

**Fee:** $138

**Location:** ECM Auditorium
