UFM Community Learning Center

2001 Spring Classes

Teaching, Learning, Growing
Welcome to UFM Community Learning Center...

UFM Community Learning Center is a creative educational program serving Kansas State University, the Manhattan area and the state of Kansas. Based on the philosophy that everyone can learn and everyone can teach, UFM provides opportunities to learn a new skill or share something that you know with others. UFM serves as a forum for the exchange of ideas and as a catalyst for new programs and services.

UFM is a unique program where the "faculty" is the entire community. We rely very much on the interests and involvement of the community to make our programs work. Last year 313 people taught classes for UFM. Our instructors have ranged in age from 11 to 94. Many volunteer their time. Others receive a small stipend for their efforts. Instructor reimbursement, learning tools, facility costs and UFM overhead expenses determine the fee charged for a class. Since 1991 UFM has been totally self-supporting and class fees make up over two thirds of our budget.

Classes have run the A to Z of topics. Some of our most popular classes include ballroom dance, golf, tai kwon do, yoga and swimming. We are also known for offering unique classes you won’t find elsewhere. Look through the catalog to see what’s new this semester.

UFM accepts donations of money and usable office supplies and puts the money toward the costs of maintaining the UFM building, coordinating the catalog of classes and special projects such as scholarships, camps, projects, or gardening.

Tax deductible contributions may be sent to UFM at 1221 Thurston, Manhattan, KS 66502.
UFM can also accept donations of office and household items. Our current wish list includes items listed below.

UFM Wish List

- Card Tables
- Folding Chairs
- Volunteers to Help with Lawn and Garden Care
- Volunteers to Paint the Building

Thanks to those who responded to our wish list last semester!

About UFM Classes

UFM adheres to the philosophy that anyone can teach and anyone can learn. We rely on the credentials provided by instructors, class observation, and participant feedback as tools for evaluating a class and an instructor's abilities.

UFM classes are not for courses for selling a product or service from which the instructor might benefit. Materials specifically oriented to an individual's specific interests are not to be distributed in class. Participants who wish to pursue a relationship with an instructor outside class time do so on their own responsibility. Please share any concerns you may have about class material or an instructor by calling Charlene at 539-8763.

UFM is committed to a policy of nondiscrimination on the basis of race, sex, national origin, handicap, religion, age, sexual preference, or other non-merit reasons. In relation to admissions, educational programs or activities, and employment, all as required by applicable laws and regulations.

UFM provides a neutral site to discuss community needs. The views expressed by course instructors or those groups utilizing our meeting space are not necessarily those held by UFM programs, Board members, or staff.

INCLEMENT WEATHER POLICY

UFM courses held on campus follow the inclement weather policy of Kansas State University. Classes will be conducted unless all University courses are canceled. If the instructor informs his/her students personally that he or she will not be present at a given class meeting, the instructor is then responsible for arranging a make-up lesson. Weather sensitive classes will use the scheduled rain date. If a rain date is not scheduled, instructor will be responsible for rescheduling.

UFM CANCELLATION POLICY

When we cancel or reschedule a class, you will be notified. Therefore, it is extremely important that we have a daytime and an evening phone number where we may reach you or leave a message. We reserve the right to cancel any class.

REFUND POLICY

We will give a full refund if a class is canceled by UFM. If a student decides to withdraw before the class begins, and gives 48 hours notice before the starting date, we will refund all but a $3 processing fee. NO REFUNDS AFTER THE CLASS BEGINS. PRE-REGISTRATION IS REQUIRED

All participants must pay registration fees before attending a UFM class. This allows for adequate handouts and materials. You are not registered until we receive your registration fee. A class may be canceled due to insufficient pre-registration.

LIABILITY STATEMENT

Individual participants should be aware of the risks and hazards involved in recreational sports and fitness activities. They should voluntarily elect to utilize KSU and UFM facilities and participate in programs recognizing present conditions and further agree to voluntarily assume all risks of loss, damage, or injury that may be sustained while using KSU or UFM facilities or participating in programs.

KSU Continuing Education/UFM assumes no responsibility for costs involved with individual injury or property loss incurred in connection with the use of University or UFM facilities. Individuals are reminded that they should review their own personal insurance policies to determine if they have adequate insurance or protection in case of injury resulting from the use of University facilities or participation in programs. It is recommended that all participants have a complete physical before engaging in any physical recreation program.

Learn to Swim Classes

UTM and the Division of Continuing Education are pleased to present the American Red Cross Learn to Swim Program Levels I-VII plus adult swim classes. Small classes allow for carefully guided instruction in stroke technique and water safety. Water safety is reinforced with tips and practice each day. The first day of class each student is evaluated to assure that they are in the proper class. Students advance through the levels at their own rate and are moved to different class levels as space permits and skill advancement demands.

PARENT'S DAY is scheduled to allow parents on deck to observe their child's progress. Each child will receive a written report at this time as well as at the end of class.

Parent's Day Dates:
Session A: Monday, March 12
Session B: Wednesday, March 14
Session C: Saturday, March 10
Session D: Tuesday, April 12
Session E: Tuesday, April 10

LOCATION: KSU Natatorium - Ahern Complex
Lockers are available for use during class. Participants must supply towels and swimsuits.
Showers are required before entering the water.

Note: Minimum enrollment for all classes is 5. If less than 5 enroll, classes of the same level may be combined or cancelled.

BEGINNING 6 & ENDING DATES:
Session A: Mondays, February 12 - April 22
Session B: Wednesday, February 14 - April 25
Session C: Saturday, March 11 - May 5
Session D: Tues., Thurs., February 13 - March 15
Session E: Tues., Thurs., March 27 - April 26

No lessons March 19 - 22

Parent/Infant and Parent/Tot

This water orientation program is designed to teach you how to work safely and effectively with your child and to teach basic water safety and self-help skills. This program emphasizes water adjustment, preparatory activities for swimming and water enjoyment for you and your child. Small children should wear appropriate swim diapers. To participate, infants must have the ability to voluntarily raise their heads 90 degrees when lying flat on their stomachs and be 6 months old. During the 6 months the parents will receive instruction and have opportunity to practice water techniques with their children. Parent must accompany child.

Session A: Monday, February 5 - March 12
Session B: Monday, February 12 - April 2
Session C: Saturday, March 11 - May 5
Session D: Tues., Thurs., February 13 - March 15
Session E: Tues., Thurs., March 27 - April 12

Fee: $19 per session

Tot Transition

If your 3-4 year old toddler is ready to try the water without a parent, but not ready for Level I, this short class is for them. Emphasis will be on basic water safety and preparatory activities for swimming. Some parent participation may be allowed.

Session B: Wed., February 7 - March 14
Session C: Tuesday, March 13 - May 5
Session D: Tues./Thurs., February 27 - March 15
Session E: Tues./Thurs., April 17 - May 3

Fee: $19 per session

Level I: Water Exploration

The objective of Level I is to help students feel comfortable in water and to enjoy the water safely. Students will be introduced to elementary aquatic skills which will be built on as they progress through the Learn to Swim program. A student is ready for this level when they are marine enough to participate in a group setting without their parent.

Session A: (See dates above)
Session B: (See dates above)
Session C: (See dates above)
Session D: (See dates above)
Session E: (See dates above)

Fee: $38 per session

Level II: Primary Skills

The objective of Level II is to give students success with fundamental skills. Students learn to float without support and to recover to a vertical position. This level marks the beginning of true locomotion skills and adds to the self-help and basic rescue skills begun in Level I. Students entering this course must have a Level I certificate or must be able to demonstrate all the completion requirements of Level I.

Session A: (See dates above)
Session B: (See dates above)
Session C: (See dates above)
Session D: (See dates above)
Session E: (See dates above)

Fee: $38 per session

Level III: Stroke Readiness

The objective of Level III is to build on the skills in Level II by providing additional guided practice. Students will learn to coordinate the front and back crawl. They will be introduced to the elementary back stroke and to the fundamentals of treading water. Students will also learn rules for safe diving and begin to learn to dive from the side of the pool. Students entering this course must have a Level II certificate or must be able to demonstrate all the completion requirements in Level II.

Session A: (See dates above)
Session B: (See dates above)
Session C: (See dates above)
Session D: (See dates above)
Session E: (See dates above)

Fee: $38 per session

Level IV: Stroke Development

The objective of Level IV is to develop confidence in the strokes learned thus far and to improve other aquatic skills. Students will increase their endurance by swimming familiar strokes (elementary backstroke, front crawl, and sidestroke) for greater distances. Students will be introduced to the breaststroke and sidestroke and the basics of turning at a wall. Students entering this course must have a Level III certificate or must be able to demonstrate all the completion requirements in Level III.

Session A: (See dates above)
Session B: (See dates above)
Session C: (See dates above)

Fee: $38 per session

E-mail utm@ksu.edu
Level V: Stroke Refinement
The objective of Level V is coordination and refinement of key strokes. Students will be introduced to the butterfly, open turns, the feet-first surface dive and springboard diving. Participants learn to perform the front crawl and back crawl for increased distances and to perform the sidestroke and breaststroke. Students entering this course must have a Level IV certificate or must be able to demonstrate all the course requirements of Level IV.

Fee for Saturday: $27 per session

Session E: (See dates above)
AQ-13E Tues/Thurs 6:40 - 7:20 pm
Fee: $38 per session

Level VI: Skill Proficiency
The objective of Level VI is to polish strokes so students swim them with more ease, efficiency, power, and smoothness over greater distances. Students develop considerable endurance by the end of this course. Additional practice is helpful to develop and maintain the strength necessary in Level VII. Participants will be introduced to additional turns as well as the pike and tuck surface dives. Students entering this course must have a Level V certificate or be able to demonstrate the skills required to complete Level VI.

Session C: (See dates above)
AQ-16C Saturday 10:10 - 11:00 am
Fee for Saturday: $27 per session

Session E: (See dates above)
AQ-16E Tues/Thurs 6:40 - 7:20 pm
Fee: $38 per session

Level VII: Advanced Skills
The objective of Level VII is to perfect strokes and to develop good fitness habits. Participants are urged to use aquatic activities throughout life to maintain their physical condition. They will be taught springboard diving and advanced rescue skills. Participants entering this course must have a Level VI certificate or must be able to demonstrate all the completion requirements in Level VI.

Session C: (See dates above)
AQ-19C Saturday 10:30 - 11:00 am
Fee for Saturday: $27 per session

Session E: (See dates above)
AQ-19E Tues/Thurs 6:40 - 7:20 pm
Fee: $38 per session

Adult Swim Lessons
Are you tired of sitting on the sidelines watching everyone else swim? Well, you don't need to anymore. Now's your chance to learn how to swim. This class is for adults who want to become comfortable in the water, add to their knowledge of personal safety, and increase enjoyment of their leisure time. No prerequisites. If enrollment is low, this class will be moved to private or semi-private lessons.

Martial Arts

Tae Kwon Do I

Tae Kwon Do is a traditional Korean martial art designed to provide the ultimate in unarmed self-defense. Blocking, punching, and kicking develop balance, flexibility, and agility while improving cardiovascular fitness and self-confidence. Teaching methods include class demonstrations and practice without physical contact. Each student will be given an opportunity to purchase a uniform and belt at the first class. After two months of class an optional testing to advance in the Tae Kwon Do degree ranking is held in Topeka. The cost is not included in the class fee and a uniform is required for testing. Age 9+

**Tuesday, January 16, at 6:30 pm, a Public Demonstration and formal introduction of instructors will be conducted in Ahearne Fieldhouse, KSU.**

Grandmaster Chae Sun Yi (268-8662) is an 8th degree black belt with over 38 years experience in Tae Kwon Do. He is a former captain and chief instructor of Tae Kwon Do for the ROK Army National Team, and he has held classes at KSU since 1979. White Phoenix System Basics

The White Phoenix System is a form of martial art that is made up of nine different methods of martial arts. In this class we will work on Kung Fu basics and the 20 Jujitsu self-defense techniques that together form the foundation of the White Phoenix System. If time allows, we will work on Sanshin Kata, which is the first form taught in the White Phoenix System.

Stan Wilson (539-2322) has practiced martial arts for 31 years. He has a second degree black belt in Hakko Ryu Jujutsu and black sash in Pai Lung Kung Fu and Moo Hee Tae Do. He is a master of the White Phoenix System of martial arts.

Enshin Karate

Enshin Karate is based on the fighting system Sabaki. Sabaki uses circular movements that take one out of the line of attack and into a position from which you can counter attack. Sparring, Kata, street self-defense, meditation and demonstrations will all be focused on during each class.

Mark Bergner, Sensei (776-3601) has been studying Enshin Karate for the past eight years. He trained in Denver under Kongo Jojo Ninomiya, Grand Master of Enshin Karate. In an effort to continue his martial arts training Sensei Bergner sought his teaching degree. Now as an International Certified Instructor, he is the youngest instructor in Enshin Karate. In 1998 Sensei Bergner was featured in a martial arts book called the Sabaki Method. Mark is presently teaching karate in Manhattan, KS.

About UFM Classes

UFM adheres to the philosophy that anyone can teach and anyone can learn. We rely on the credentials provided by instructors, class observation and participant feedback as tools for evaluating a class and an instructor’s abilities. UFM classes are not a forum for selling a product or service from which the instructor might benefit. Materials specifically oriented to an instructor’s financial interests are not to be distributed in class. Participants who wish to pursue a relationship with an instructor outside class time do so on their own responsibility. Please share any concerns you may have about class material or an instructor by calling Charlene at 539-8763.

Financial Planning For Women

PC-06a

Women outlive men on average by about seven years, according to the U.S. Department of Labor, and the average age of widowhood in the United States is 65. Since most women will eventually handle finances on their own, it's critical for them to take an active role in managing their money and preparing for the future. What can you do to create the financial future you want? This class is designed to help women of all ages learn how they can achieve their financial goals.

Long-Term Care

PC-15a

What exactly is it? Should you be covered by long-term care insurance? Can you afford to pay for the expense of a nursing home or in home care when the need arises? The Census Bureau reports that there are over 34 million Americans age 65 or older, and the number will increase to 82 million by 2050. The national average yearly cost for nursing home is $50,000 and increasing. A health care aide providing nonmedical assistance in your home costs anywhere from $12 to $18 per hour. Medical supplemental insurance does not cover long term care expenses. This class is for anyone wanting to learn more about this subject.

Book Collecting 101

Whether you're new to book collecting or an old hand, this course is for you. The Internet has made it possible to search thousands of dealers' online catalogs in seconds; it's even possible to price compare online. The instructor will discuss several web sites in detail, including search strategies and creating want lists. We will also explore the many preservation problems facing collectors. Simple conservation techniques will be demonstrated and participants are encouraged to bring along items for preservation assessment.

Roger Adams (352-7455) has been Rare Books Librarian at Hale Library since 1996. Before moving to Manhattan, he was Curator of Special Collections & Archives at Northern Kentucky University, from 1994. He has served as a preservation/conservation consultant for several museums including: The Dinsmore Homestead in Burlington, KY; The Cincinnati Fire Museum, and the Belfinger-Crawford Museum in Covington, KY. He has been an avid book collector for 16 years.

Picture Book Workshop for Children's Writers

Learn the requirements for writing children's picture books and how to submit your manuscript to publishers. (Note: submission is not covered as fully as it is in Submitting Your Manuscript class.) You will learn how to make a book-dummy, the technical and editorial considerations specific to this format, and look at a variety of children's picture book examples. Bring a manuscript to work with (one you don't mind cutting into strips) and a pair of scissors, pen, and clear tape. Although the class will be primarily written, those interested in illustrating picture books may find the class helpful. If you are an illustrator, bring some sample illustrations and a story idea.

Jerry Garrett is owner/publisher of Ravenstone Press, which has published four books since its creation in 1997. Her articles for children have been published in Highlights for Children, Children's Digest, Child Life, and The Friend. She has participated in many workshops for children's writers and reviewed children's books for librarians. Jerry brings a strong knowledge of and love for children's literature from her former children's librarian positions.

Learning to Write & Sell Fiction

A workshop where students learn through participation, this class will introduce the fundamentals of writing and selling novels, short stories, and teleplays, especially those in the genres of science fiction, fantasy, mystery, and horror. (Although the principles taught apply to all genres fiction.) General topics will be covered, such as what to write, how to write, and where to sell the finished product. Please bring a sample of a work in progress or begin a project after the first class session. Work will be critiqued by the instructor and by other members of the class.

UFM's featured instructor for Spring 2001, Glenn Silsby, has been writing and selling science fiction and fantasy for twelve years. His credits include science fiction, fantasy, and horror stories published in magazines and international hardcover and paperback anthologies. Over 100,000 copies of his stories exist in print, including international versions in both French and German. Most recently he sold a novel to Tor Books. A previous student recently contacted Glen to announce he had sold two short stories. He credits this class for part of his success.

KANSAS HUMANITIES COUNCIL

This program is brought to you by the Kansas Humanities Council. The Kansas Humanities Council is a non-profit organization with offices in Topeka. In 1997, KHC celebrated 25 years of providing community-based cultural and educational programs for adults statewide.

Why Save the Past? Communities & Historic Preservation

No community issue heats up more quickly than the proposed demolition of a cherished landmark. Why do we value old buildings, and what do they contribute to hometown identity? Are progress and preservation really at odds in changing communities? This program is co-sponsored by UFM Community Learning Center and K-State Women's Center. Admission is free.

Cathy Ambler, a Kansas Humanities Council speaker, is from the Kansas State Historical Society in Topeka, KS. Her areas of expertise are historic preservation and the built environment.

Manhattan's Historic Preservation

Join UFM as Michael Mcerri presents a slide show of the 2000 Historic Preservation Building Awards winners. The annual awards program is a way for the Manhattan/Riley County Preservation Alliance to promote, encourage and educate the public on the benefits of historic preservation within our community. This presentation will be a great opportunity to see last year's winners. It will also serve as a warmup for the 2001 awards presentation. Many homes and businesses are up for award nomination as well as the consultants and contractors will be recognized for their hard work and commitment toward creating a better Manhattan.

Michael Mcerri is a 1994 architecture graduate from Kansas State University. He is the owner of TIMBER & STONE, a small design-build firm specializing in the delivery of one of a kind projects. Previously he worked for Bessie Restoration, a local contractor and Bruce McMillan, AIA Architects, where his most recent project was the construction documents package for the Union Pacific Depot in Manhattan. He also participated as a former president and current board member for the Manhattan/Riley County Preservation Alliance where he organized the Annual Historic Preservation Building Awards from its inception three years ago.

Submission Your Manuscript
You wrote it, now what? If you are interested in submitting your writing for publication but don't know how to go about it, this workshop is for you. Jerri will cover query letters, manuscript format, "unsolicited submissions," the submission process, how to find possible markets for your work and what to expect after you send it out. You may also learn about some marketable writing possibilities you may not have known about, such as rebus.

Jerri Garrison has published feature articles and columns in newspapers in Germany, Japan and the USA. Her nonfiction for children has appeared in several national children's magazines including Highlights for Children. She is the "veteran" of the writing submission process including book proposals and book manuscripts. As owner/publisher of Ravenstone Press, she has published four of her own books.

Chess Workshops
This workshop will provide an understanding of chess. Students will learn how to improve on their own chess techniques and strategies. The study is divided into three major classes: beginning, intermediate, and advanced level, which will include opening, middle, end game, theory, practice, attack and defense, games that work, positions that don't work, and why, etc. The course is geared toward self-improvement and chess awareness in general. Students will learn general analysis, how to write and read chess code, how to play with a clock, winning dynamics, how to checkmate quickly and how to capture material, and how to draw a lost game. They will also be exposed to the different styles of chess play and some history of grandmaster games. Overall, this workshop is designed to build an enjoyable construct on understanding chess for any level player who desires to play chess at his or her expectation and experience.

Raymond Paul (537-4404) is a senior at KSU. His study there is Physics, Chemistry, Electronics Engineering Technology, and General Computer Science. As a published poet, he has been a writer on the side for a number of years. Paul has always loved the game with great inspiration, philosophy, and history. He is a member of the USCF and plays in state tournaments winning 2nd and 3rd places. Paul regards chess as an art form, a strong hobby, a science, and teaches chess at KSU Chess Club from time to time. He has been hard at work on his own style of chess for over 28 years and is currently writing a book on chess for beginners and intermediates.

Introducing Jin Shin Jyutsu: A Self-Help Class

Jin Shin Jyutsu translates as the "Art of the Creator through knowing and compassionate person." It is an ancient art of releasing the tensions which are the causes of various symptoms of discomfort. In Jin Shin Jyutsu philosophy, our bodies contain energy pathways which become blocked through daily physical, mental, emotional or spiritual stresses, resulting in pain and discomfort. We can unblock these pathways through non-invasive application of the hands to various locations on the body, giving ourselves renewed vitality, deep relaxation, pain relief, easier breathing and decreased stress. This course will introduce you to hands-on techniques for self and others, and to the history, philosophy, and theory of Jin Shin Jyutsu. Jin Shin Jyutsu self-help books will be available for purchase (optional). Please bring a blanket with you to class.

Karma Smith-Grindal (539-3733) is a Licensed Practical Nurse, and Certified Massage Therapist whose avocation during the last twenty years has been to study and practice a variety of bodywork modalities: Swedish/Essien Massage, Therapeutic Touch, and Shiatsu. Since 1985 she has focused on Jin Shin Jyutsu and is a certified Jin Shin Jyutsu practitioner and self-help instructor.

Yoga for Body and Mind

Introduction to Reiki

Reiki, pronounced "ray-ke-eye," is an ancient holistic health practice in which Universal Life Energy supports the body's natural ability to heal itself. We will discuss the concepts of holistic health, Universal Life Energy, subtle body physiology, and Reiki. Please bring a mat or towel and pillow. Two handouts included in fee.

June Hunzeker has been working with holistic health practices for many years and enjoys sharing their joy and wisdom. She is a Reiki Master Teacher in the Usui System of Natural Healing, and is among the first class of students to complete levels 1 and 2 of Geminaphere Energy Medicine Training. She also includes Thai Yoga Therapy, Numerology, Herbs, Colors and Sound in her private practice, Flint Hills Reiki. "My heart sings every time a different holistic health practice is presented for my study/work. They are the healers," she says, "I am simply the happy assistant."

Baby Massage

Baby Massage is an ancient tradition in many cultures which has been rediscovered in the West. Clinical evidence shows that loving, touching, nurturing contact between caregiver and infant has a positive impact upon subsequent development. Many studies reveal the benefits of positive interactive contact as an integral part of a baby’s early life, and the unfortunate results when this early attention is lacking. Baby Massage is one of the easiest and most pleasant methods of providing this early positive interaction. Many newborn nurses are now adopting Baby Massage as a regular part of their parent education programs, to help promote well-babing and the loving bonds between parents and their babies. A pad or mat to lay your child on and either or both parents.

Sandy Snyder (537-3607), is a licensed Massage Therapist with 26 years experience. She is the owner of Lifestyle Bodywork and is experienced with Deep Tissue Massage, Sports Massage, Reflexology, Baby and Pet Massage.

**Parish Nursing: A Nurse at Church?**

What is it? How do I become a Parish Nurse? How does my church start a program? These are a few of the many questions that will be covered in this presentation about health ministries and parish nurses in our community. The Parish Nurse Ministry is a congregational based ministry to promote wellness and improved health to members of all denominations. Parish nurses care for the whole person: body, mind and spirit. Rita Currie, RN, Parish Nurse Ministry Coordinator from Mercy Health Center will present this informational program and will assist those interested in becoming parish nurses or starting a program in their church.

Rita Currie, has worked in the Manhattan community for 27 years. She was commissioned as a Parish Nurse at the Basic Parish Nurse Preparation Program in Carefree, Arizona on November 3, and was commissioned as a Parish Nurse Coordinator at the Basic Parish Nurse Coordinator Program in Tidwell, Illinois, October 10, 2000. She is excited about sharing this new specialty of nursing with the Manhattan community.

UFM is a sign up location for Heartland SHARE

What is Heartland SHARE? Self Help And Resource Exchange is dedicated to providing a monthly basic, consistent, affordable supplemental food package to those willing to help themselves and others. Open to everyone.

What is a "SHARE"? A food package consisting of 4-5 months, a variety of fresh fruits and vegetables and other grocery items. One share costs 2 hours of volunteer service and $15.00. Food stamps are accepted.

Where does the food come from? Food is purchased on the open market in bulk by a professional purchasing staff. The bulk buying power (over 12 million pounds of food) and the volunteer distribution network provides savings up to 60%.

Who can participate? The program is open to everyone in the community regardless of income.

Sign up at UFM early in the month. SHARES are distributed the 3rd or 4th Saturday of each month at Blue Valley United Methodist Church, 835 Church Ave.

SHARE: Good for You and Good for the Community.

For more information, call UFM at 539-8763 or sign up at the UFM Office, 1221 Thurston St.
Intuitive Arts

SP-02

We will learn to access our intuitive connection, opening inner doors or answers to our questions about our life paths, relationships and our spiritual quest. Becoming familiar with the more subtle levels of the senses assists in our self-healing and a deeper self-knowledge. We will explore and discuss, healing, intuitive diagnosis, channeling, receiving information about a personal issue or a creative inspiration. During one of our meetings, Sharon will provide an opportunity to ask your life path questions and receive answers from the intuitive perspective.

Sharon Lawrith (646-3531) has been intuitive all of her life. She has been a professional intuitive for 11 years working with individuals and as a group facilitator.

Date: March 6, 13 and 27 (Tuesday)
Time: 7:00 - 8:00 pm
Fee: $14
Location: 103 South 4th, Room 25
No class meeting March 20.

Conceptual Self-Defense

SP-15

This is a concept-based class curriculum rather than being technique driven. This means as a student you will have an in-depth study of all aspects of self-defense. You will learn the mental and physical disciplines of defending yourself. We will study the psychology of confrontations, how they develop, what signs to watch for, how to use the environment to your advantage, how to deal with attacks at different ranges, and avoiding provocation. We will also look at fear management and the difference between physical fear and psychological fear. Participants will learn mental and physical tactics and techniques that are both practical and effective. It is here we cover what to do when and how to do it, including how to defend yourself against weapons. Finally we will learn how to put it all together into your own personal self-defense strategic plan.

Steve Chalafel (564-1102) has been a practitioner of martial arts since 1994 while serving with the United States Marine Corps. He holds 2nd and 3rd degree black belt rankings in Hapkido and Tae Kwon Do and is a certified instructor with the International Combat Hapkido Federation and the North American Black Belt Federation. His self-defense experience is based not only on the study of these arts, but also from studies in confrontation psychology and practical tactics combined with operating on marine long range reconnaissance teams for 2 years and four weeks of specialized reconnaissance training with the Navy SEAL teams at the Naval Base station at Coronado Island, San Diego, CA.

Spring Plant Swapping
As the perennials you have multiplied, do you wish you had less of them and more of something else? Rejuvenate your flower garden by dividing your perennials and bringing them in to trade for other varieties to enhance your color and variety. Call and register to let us know what you will have to swap. Examples: iris, peony, herbs, vines and columnbust etc. Note: Divide bulbs only if they have already bloomed. You may drop off your plants to UFM on April 6.

The Evolution Controversy
In light of the current controversy in Kansas over the teaching of evolutionary theory, this course will address both scientific and theological issues. The first class will review some basic concepts and current questions in modern evolutionary theory. The second will present the evidence for transitional forms in the fossil record, and the third will address philosophical and theological issues. Significant time will be set aside during each meeting for questions and discussion. If you are confused about the claims and counterclaims being made in this public debate, or you just want to learn more, take the opportunity to attend this class.
Keith Miller is a research assistant professor in the Geology Department at K-State. He is also a fellow at the American Scientific Affiliation (an association of Christians in the sciences) and an officer in the Affiliation of Christian Geologists. He is interested in Earth and Life history-particularly in the interaction between evolving biological communities and an ever changing Earth. He is also interested in the relationship between evolutionary theory and theological concepts of creation.

Water Gardening Planning & Construction
EN-33
This class will help you with site selection, design and construction of a water garden. Topics of discussion will cover construction materials, filter systems, balancing the ecosystem, aquatic plants, and some building techniques used by our professional construction crew. You will get the insights and experience that our company has in the construction of over 200 water features.

Eric Wood has been working in the landscape and water garden industry for over sixteen years. He has a degree in landscape design and nursery management. After studying in Chicago, he worked in the Chicago suburbs as a landscape designer. Later, Eric and his family moved to the Topeka area where he once again expressed his great talent by creating landscapes for customers. After several years of working for an employer, Eric decided to become one. He and his wife created Lilypad in Landscapes, Inc. This is a wholesale water plant nursery and a garden pond installation business. One year later, they purchased a retail water garden store, Puddles-N-Pads, from one of their wholesale accounts. This lead to the development of a growing investment in the thriving water garden industry. They now have a full time staff and Eric is still doing what he loves, creating unique designs for the ponds they install. His talents are enabling his customers to truly see their dreams come true.

Habitat Gardening
Provide for the four Basic needs of Wildlife
1. Food - Choose a diverse combination of plants that are known to provide foliage, flowers, fruit and seeds for different types of wildlife. Native plant species are best for the wildlife in your area.
2. Water - Provide water by installing a small pond, several bird baths or puddles year round.
3. Shelter - Brush and rock piles, nesting boxes, snags and diverse plant heights and structures all provide homes for wildlife.
4. Space - Learn the special territorial needs of the wildlife you wish to attract to help determine how much wildlife you can expect to occur on your property.

Good resources to turn to are:
The Wild Ones - Natural Landscapes, Ltd. is a non-profit organization educational group. A good web site is www.for-wild.org, also look to the National Wildlife Federation, Backyard Wildlife Habitat Program 1-800-822-9919 or www.nwf.org info found under Wildlife Work.
The Soy of Cooking: It’s Not Just Tofu Anymore!

- Mention the word “soy” and most people think of tofu. This workshop will introduce you to the world of soy products, including creative ways to use tofu and other soy products in preparing food for your family.
- Why soy foods? Research continues to reveal that soy foods have great health benefits for most people, women in particular. You will learn why soy foods can lower blood cholesterol levels, lower your risk of developing osteoporosis and lower your risk for developing cancer. However, soy foods may not be right for everyone – we’ll talk about that too. The fun part of this workshop is tasting foods prepared with soy products and discovering how delicious soy foods can be. Learn to “Lean on the bean”!
